GOVERNMENT OF INDIA.

FINANCE DEPARTMENT.

NOTIFICATION.

ACCOUNTS & FINANCE.
Public Debt.

No. 745-F.

Simla, the 6th April 1917.

The Government of India are assured that their officers of all grades will wish to support the Indian War Loan and to apply their savings for as long a period as possible to investment in the Loan. The ordinary procedure for subscribing to the various sections of the Loan is described in the Finance Department's Notification No. 380-F., dated the 1st March 1917, from which it will be seen that Post Office 5 year Cash Certificates offer full facilities for the utilisation of savings throughout the coming year up to a maximum amount of Rs. 7,500 by any one person, and that it is also possible to distribute subscriptions to War Loan 1929-1947 and War Bonds over the seven months from March 15th to October 15th, 1917. Government, however, believe that many officers will welcome an arrangement which will enable them to subscribe to the War Loan by monthly deductions from their pay, and that this will be a practical encouragement to the setting aside of money for subscription to the War Loan throughout the coming year.

2. They have accordingly obtained the Secretary of State's approval to the scheme described in Appendix A to this Notification. This scheme is applicable to all Government officers : it enables any Government officer to obtain War

Loan 1929-1947, War Bonds 1920 and War Bonds 1922 by payment of the amount applied for in ten instalments to be deducted from his pay. It also enables Cash Certificates to be obtained by deduction from pay.

3. There may, however, be officers who feel that by a prolongation of the period of repayment they will be enabled to take up a larger amount of the Indian War Loan, while, also, there may be Government servants who are unable to afford so large a monthly deduction as Rs. 10. To meet such cases, the Bank of Bengal have offered to make available to Government servants serving in the marginally noted Provinces, the facilities which they have announced that they will place at the disposal of approved borrowers, to enable them to contribute to the Indian War Loan. The Government of India have much pleasure in placing on record their appreciation of this public spirited offer of the Bank of Bengal, and they have decided to co-operate with the Bank of Bengal by arranging, on a request from the officer concerned, to deduct from the latter's pay, and pay to the Bank of Bengal, the amount due each month for the repayment to the Bank of the advance. This scheme will be alternative, and not in addition, to the scheme described in the preceding paragraph, and an officer will not be permitted to subscribe under both schemes. The terms of the scheme of the Bank of Bengal are set out in Appendix B.

(1) Bengal.
(2) Bihar and Orissa.
(3) The Punjab, and the North-West Frontier Province.
(4) The Central Provinces.
(5) Burma.

4. The Bank of Bengal's scheme is for the present open only to officers serving in the Presidency of Bengal and the Provinces mentioned above. The possibility of applying a similar scheme to Government servants serving in the Presidencies of Bombay and Madras is under examination.

Secretary to the Government of India.

Season and Crop Prospects for the week ending Saturday, 31st March 1917.

Burma.—Thaton and Tavoy report over 1 inch and 50 cents of rain. Light rain fell in seven other districts, in the northern Shan States and in the hill tracts of Pakokku. Cultivation of spring and summer rice, plucking of tobacco and cotton and reaping of miscellaneous dry crops are proceeding. Standing crops are satisfactory. Cattle are generally healthy. The price of unhusked rice at Rangoon has fallen further to Rs. 113 per hundred baskets and is still above normal. The market for white rice is weak.

Assam.—The weather is generally hot and dry. Pressing of sugarcane is nearing completion. Hoeing and pruning of tea, burning of *jhums* and ploughing for autumn rice and jute still continue. Sowing of autumn rice and jute is in progress. Cattle disease is reported from four districts. The price of common rice has risen slightly.

Bengal.—The week was rainless. Preparation of fields is in progress, but rain is urgently required for such operations. Sowings of jute and autumn paddy are proceeding in the northern and eastern districts. Harvesting of spring crops is nearing completion and their outturn is expected to be fair. Newly planted sugarcane and other standing crops are doing well. The drought has to some extent affected the outturn of the summer rice crop. Insufficiency of fodder is still reported from parts of Dacca. The average price of common rice for the Province has fallen by about 0·5 per cent as compared with that of the previous week.

Bihar and Orissa.—During the week there was no rain except light showers in parts of Orissa. Harvesting of spring crops is in progress. Preparation of lands for the next season's crops is going on. Planting of sugarcane has been nearly completed. Standing crops are doing well. The price of common rice has risen in four districts, fallen in five and remained stationary in the remaining districts as compared with that of the preceding week. The supply of fodder and water is sufficient. Cattle disease is reported from eight districts. The number of persons on test works in Singhbhum was 822. The condition of standing crops in the Feudatory States of Orissa is good.

United Provinces.—During the week showers were received in parts of the north and west of the Provinces. Threshing of spring crops and sowing and irrigation of extra crops and sugarcane continue. Harvesting of spring crops and extraction of opium are nearing completion in places. Standing crops are doing well and prospects are good. Agricultural stock is in good condition and very little cattle disease is reported. Fodder and water are ample. Market supplies are adequate. Prices continued to fall during the week.

Punjab.—Light rain has fallen in different parts of the Province but it has not been evenly distributed. The condition and prospects of wheat and other crops are generally normal on irrigated and below normal on unirrigated areas. Reaping of gram, barley and rapeseed continue and of wheat has commenced in the southeast. The yield is expected to be normal on irrigated and below normal or poor on unirrigated areas. Sowings of extra spring crops, sugarcane and cotton are in progress and are below normal to normal. Cattle are generally healthy and fodder and water for drinking and irrigation purposes are sufficient but shortage of canal water and of fodder is reported from a few districts. Stocks of food grains are sufficient. Prices are generally stationary but are falling slightly in some districts. They range between normal and scarcity rates except those of autumn grains which range generally between normal and warning rates. Price of wheat:—Rawalpindi 8½, Lahore 9½, Ferozepore 9⅛, Lyallpur 10 and Ambala 10½ seers per rupee.

North-West Frontier Province.—Rain has again fallen throughout the Province, greatly benefiting standing crops especially those on unirrigated areas. Prospects have much improved. The weather is cloudy and temperate. Pressing of sugarcane still continues with outturn above average. Sowing of extra spring crops and sugarcane is proceeding in some districts. The condition of cattle is good. Fodder and water are sufficient. The public health is good. Prices of food stuffs are high. The price of wheat in Peshawar was 8⅛ and in Dera Ismail Khan 8½ seers per rupee.

Jammu.—Slight rain fell during the week. Prices are fluctuating. Wheat sells from 8 to 12 and maize from 13 to 25 seers per rupee. The condition of standing crops is below average. Cattle disease prevails in the Akhnur tahsil. Fodder is insufficient in certain places.

Kashmir.—The rainfall was [illegible]. Fodder and water are sufficient. Prices are normal. Standing crops are in fair condition. [illegible] Cattle are generally healthy.

Rajputana.—The weather is temperate with occasional clouds. Harvesting of spring crops is in progress. Standing crops are generally in good condition and their prospects are good. Agricultural stock is generally healthy except in parts of Dungarpur and Kotah where cattle disease is reported. Water and fodder are ample. The fall in prices continues.

Central India.—The rainfall during the week was partial in Indore, Baghelkhand and Bundelkhand. Spring crops are being harvested everywhere. Additional spring crops are being sown in Gwalior. Standing crops are in good condition and their probable outturn is generally good. Crops have been damaged by hail in two tahsils of the Bhopal State. Agricultural stock is generally in good condition. The fodder supply is sufficient. Prices are high in Bhopal, normal in Baghelkhand, slightly fluctuating in Indore and steady elsewhere.

Central Provinces.—The weather has been clear and warm. Light showers of rain were received in Berar and in two districts of the Central Provinces. Harvesting and threshing of spring crops is in full swing. Hail in previous week did some damage in the northern districts. Standing crops are generally in good condition and their prospects are good. The supply of fodder and water is adequate. Agricultural stock is in good condition. The price of wheat continues to show a downward tendency.

Feudatory States:—Reaping and threshing of spring crops are in progress.

Bombay.—Slight rain fell during the week throughout the Presidency except Gujarat. Standing crops are thriving except for slight damage by insects in two talukas of Nawabshah and by hailstorm in three talukas of Sukkur and two talukas of Larkana. Harvesting continues. Cotton picking is progressing in Gujarat, West Khandesh, Satara, the Karnatak, Kathiawar, Rewa Kantha, Baroda and Kolhapur. The fodder supply is adequate. Agricultural stock is sufficient. Cattle are in good condition. Drinking water is adequate. Water for irrigation is deficient in parts of Thar and Parkar, Kaira and the Panch Mahals. Prices of food grains are generally steady.

Hyderabad.—During the week there was unusual rainfall throughout the Dominions, the highest fall being 5·20 inches in Hyderabad city. The average fall was 76 cents. The rainfall injured the crops which are being harvested. Harvesting of spring crops has been almost completed. The late rice crop is in fair to good condition and is being weeded. Cattle disease prevails in 11 talukas. Prices of grains are high and steady. Coarse rice is selling at 7½ and white *juar* at 13 seers per rupee in Hyderabad city. The highest price of *juar* in districts is 9 seers per rupee in Warangal and the lowest 26¾ seers per rupee in Usmanabad.

Mysore.—The rainfall was light throughout the State. Prices of food grains are generally steady. Markets are well supplied. Standing crops are in good condition. The outturn of the harvested sugarcane, paddy and *ragi* is fair to good. Ploughing operations and sowings of paddy and sugarcane are in progress in parts. Prospects of the season are good. Cattle are generally healthy. Water and fodder are available.

Coorg.—Rainfall 2 cents. Coffee is in blossom in parts. Prices of food grains are slightly lower. The public health is fair. Cattle disease prevails in parts. Water and fodder for cattle are sufficient.

Madras.—The rainfall was very heavy in Travancore and Cochin, good in Sandur, Madura, Ramnad, Tinnevelly, Malabar and the Nilgiris, fair in Bellary, Coimbatore and Trichinopoly and light or *nil* elsewhere. Standing crops are in fair to good condition generally except in parts of two districts where they have been affected by cyclone or slightly damaged by rain and in parts of three others where they are withering or have withered or require rain urgently. Harvesting of paddy, sugarcane and dry crops is proceeding normally with outturn fair to normal generally. Sowing of paddy, sugarcane and dry crops is proceeding normally. The condition of cattle is generally good. The water-supply is insufficient in parts of Bellary, Anantapur, South Arcot and the southern and central parts except Coimbatore and sufficient elsewhere. Pasture is insufficient in three districts and in parts of nine others. Fodder is generally available. Prices are steady.

NOTIFICATIONS.

ACCOUNTS & FINANCE.
Public Debt.

Simla, the 6th April 1917.

No. 745-F.—The Government of India are assured that their officers of all grades will wish to support the Indian War Loan and to apply their savings for as long a period as possible to investment in the Loan. The ordinary procedure for subscribing to the various sections of the Loan is described in the Finance Department's Notification No. 380-F., dated the 1st March 1917, from which it will be seen that Post Office 5-year Cash Certificates offer full facilities for the utilisation of savings throughout the coming year up to a maximum amount of Rs. 7,500 by any one person, and that it is also possible to distribute subscriptions to War Loan 1929-1947 and War Bonds over the seven months from March 15th to October 15th, 1917. Government, however, believe that many officers will welcome an arrangement which will enable them to subscribe to the War Loan by monthly deductions from their pay, and that this will be a practical encouragement to the setting aside of money for subscription to the War Loan throughout the coming year.

2. They have accordingly obtained the Secretary of State's approval to the scheme described in Appendix A to this Notification. This scheme is applicable to all Government officers : it enables any Government officer to obtain War Loan 1929-1947, War Bonds 1920 and War Bonds 1922 by payment of the amount applied for in ten instalments to be deducted from his pay. It also enables Cash Certificates to be obtained by deduction from pay.

3. There may, however, be officers who feel that by a prolongation of the period of repayment they will be enabled to take up a larger amount of the Indian War Loan, while, also, there may be Government servants who are unable to afford so large a monthly deduction as Rs. 10. To meet such cases, the Bank of Bengal have offered to make available to Government servants serving in the marginally noted Provinces, the facilities which they have announced that they will place at the disposal of approved borrowers to enable them to contribute to the Indian War Loan. The Government of India have much pleasure in placing on record their appreciation of this public spirited offer of the Bank of Bengal, and they have decided to co-operate with the Bank of Bengal by arranging, on a request from the officer concerned, to deduct from the latter's pay, and pay to the Bank of Bengal, the amount due each month for the repayment to the Bank of the advance. This scheme will be alternative, and not in addition, to the scheme described in the preceding paragraph, and an officer will not be permitted to subscribe under both schemes. The terms of the scheme of the Bank of Bengal are set out in Appendix B.

(1) Bengal.
(2) Bihar and Orissa.
(3) The Punjab, and the North-West Frontier Province.
(4) The Central Provinces.
(5) Burma.

4. The Bank of Bengal's scheme is for the present open only to officers serving in the Presidency of Bengal and the Provinces mentioned above. The possibility of applying a similar scheme to Government servants serving in the Presidencies of Bombay and Madras is under examination.

Season and Crop Prospects for the week ending Saturday, 7th April 1917.

Burma.—Practically no rain fell during the week except in the Chin Hills. Ploughing for and sowing of summer rice and harvesting of miscellaneous and island crops are progressing. Standing crops are in good condition. Cattle are generally healthy. The price of unhusked rice at Rangoon has fallen further to Rs. 108 per hundred baskets.

Assam.—The weather is seasonable. Light rain fell in all districts and hail in Goalpara and the Garo Hills. Pressing of sugarcane and burning of *jhums* have been nearly finished. Plucking of tea has commenced in places. Ploughing and sowing of autumn and broadcast winter rice and jute are in progress. Cattle disease is reported from two districts. The price of common rice is practically stationary.

Bengal.—Light and scattered showers fell in parts of the Province. More rain is needed. Preparation of lands for jute and other autumn crops continues but is retarded owing to want of rain. Sowing of jute and autumn paddy is proceeding in the eastern Bengal districts. Harvesting of spring crops is still going on in western Bengal. Prospects of tobacco, summer rice, sugarcane and other standing crops are reported to be fairly satisfactory. Cattle disease is reported from eight districts. The average price of common rice has fallen slightly as compared with that of the previous week.

Bihar and Orissa.—Light rain was fairly general in Orissa and Chota Nagpur. In Bihar there was practically no rain. Harvesting of spring crops continues. Preparation of lands for the next season's crops is going on. Standing crops are doing well. The price of common rice has risen in two districts, fallen in five and remained stationary in the remaining districts as compared with that of the preceding week. The supply of fodder and water is sufficient. Cattle disease is reported from eleven districts. The number of persons on test works in Singhbhum was 1,238. The condition of standing crops in the Feudatory States of Orissa is good.

United Provinces.—With the exception of light showers in a few districts the week was rainless. Harvesting and threshing of spring crops, sowing and irrigation of sugarcane and extra crops and extraction of opium are still in progress in most parts of the Provinces. Reaping of spring crops, hoeing of cane and weeding of extra crops have commenced in places. Standing crops are doing well and prospects are favourable. The condition of agricultural stock is good and little cattle disease is reported. Fodder and water are sufficient. Markets are well supplied. There was a further fall in prices during the week.

Punjab.—Light rain fell during the week in parts of nearly all the reporting districts and was useful for extra spring crops and sugarcane. The condition and prospects of irrigated wheat and other crops are generally normal and of unirrigated crops below normal. Reaping of spring crops continues. SUPPLEMENTARY MEMORANDUM ON THE WHEAT CROP FOR THE FORTNIGHT ENDING 5TH APRIL, 1917.

This is the second of the fortnightly reports on the condition of the Indian wheat crop, and relates generally to the condition of the crop for the fortnight ending 5th April.

Since the publication of the last fortnightly report on the 23rd March revised estimates of area have been received from the Punjab, the Central Provinces and Berar, the North-West Frontier Province, and Bengal. Accordingly the total revised area for All-India now stands at 32,766,000 acres as against 32,885,000 acres reported in the Supplementary Memorandum for the fortnight ending 20th March.

The general condition of the standing crop is good, except in the unirrigated areas in the Punjab and Delhi, where the crop is suffering through shortage of rain. There has been some damage by hail in the United Provinces, the Central Provinces and Berar, and in parts of Bihar and Orissa, and by insects in parts of Nadia and Burdwan in Bengal, and in the Kekri sub-division of Ajmer-Merwara.

Harvesting has commenced in the Punjab, Delhi, and Sind, and is in full swing in the United Provinces, the Central Provinces and Berar, Bombay, Bihar and Orissa, Bengal, and Ajmer-Merwara. It is nearing completion in parts of the Central Provinces and Berar, Bombay, Bihar and Orissa, Bengal, and Ajmer-Merwara. Harvesting has not yet commenced in the North-West Frontier Province. Threshing has commenced in Bihar and Orissa and Bengal, and is in full swing in the Central Provinces and Berar and in Bombay.

The provincial reports are summarised below :—

Punjab.—The total area is now estimated at 11,050,000 acres as against 11,232,000 acres reported in the Second Wheat Forecast. Light rain fell at the end of March and proved useful. Harvesting commenced in the south-east on the first April and is expected to be completed by the twentieth of the month. In other tracts it will commence about the fifteenth of this month. The condition and expected yield of irrigated wheat are normal, except in some Colony districts where the crop condition is below normal owing to insufficient water in canals. The unirrigated wheat is suffering everywhere, and prospects are below normal or poor. Immediate rainfall would be beneficial. Except in the south-east the crop is free from rust and disease. The stalk is, however, very short.

United Provinces.—No change has been reported in the estimate of area sown. During the past fortnight the weather has been unsettled with local storms, and some damage has been caused by hail. The temperature has been low for the time of the year, and harvesting has been somewhat delayed; but a slower ripening off is an advantage. Harvesting is now general in the eastern and central districts, and reports continue to be generally favourable.

Central Provinces and Berar.—The total area sown is now estimated at 3,939,000 acres (130,000 acres being in the Native States of Khairagarh and Nandgaon) as against 3,875,000 acres reported in the Supplementary Memorandum for the fortnight ending 20th March, 1917. During the fortnight most districts received light to moderate showers of rain, accompanied by hail in parts of several districts causing slight damage. Harvesting is in full swing all over the provinces, and is approaching completion in six districts. Threshing has also commenced in most places, and prospects are generally good.

Bombay and Sind.—There has been no change in the estimate of area sown. In the Presidency the harvesting of the unirrigated crop is almost over and that of the irrigated crop is progressing. Threshing is in full swing. In Sind harvesting has commenced in the south.

Bihar and Orissa.—There has been no change in the estimate of area sown. Slight damage has been caused by rain and hailstorm in two districts. Harvesting is in progress, and is expected to be completed in the second fortnight of April. Threshing has commenced in places, and prospects are reported to be good.

North-West Frontier Province.—The total area is now estimated at 1,049,000 acres as against 1,051,000 acres reported in the Second Wheat Forecast. Good rain has fallen throughout the province and greatly benefited the standing crops, especially on unirrigated areas. Prospects have much improved since the last report.

Bengal.—The total area is now estimated at 129,000 acres as against 128,000 acres reported in the Second Wheat Forecast. Slight damage has been caused by insect pests in the districts of Nadia and Burdwan. Harvesting is progressing rapidly in the districts of Malda, Pabna, Nadia, and Murshidabad, and is nearing completion in the districts of Faridpur and Hooghly. Threshing has commenced in places, and the outturn is generally reported to be fair.

Delhi.—No change has been reported in the area sown. Lack of rain has adversely affected the crop to the extent of reducing it to half the normal. Harvesting of unirrigated wheat has begun, and that of irrigated wheat will begin within a week.

Ajmer-Merwara.—No change has been reported in the estimate of area sown. No rain fell during the fortnight. Harvesting will generally be completed by the middle of this month. Slight damage has been caused by insects in the Kekri sub-division. Reports of yield are satisfactory, except in the case of late sown crops.

Published by order of the Governor-General in Council.

DEPARTMENT OF STATISTICS, INDIA.

TRADE FLUCTUATIONS IN SELECTED ARTICLES IN FEBRUARY 1917.

The object of the tables below is to show the quantities of the principal staples of agricultural produce imported from the various provinces, etc., and from foreign countries into the ports of Calcutta, Bombay, Karachi, and into the Madras ports during the month of February 1917, and for the eleven months April 1916 to February 1917, as compared with the corresponding periods of the year 1915-16. The statistics include foreign sea-borne and coasting trade as well as inland (rail and river-borne) trade. They have been furnished by Collectors of Customs, Steamer Companies, Railway Audit Officers, the Commissioners for the Port of Calcutta, etc.

TRADE FLUCTUATIONS IN FEBRUARY 1916 AND 1917.

It will be seen from Table I, that the imports by rail, river and sea in February 1917, as against the corresponding month of 1916 show (in round numbers) a decrease of—

55 per cent in jute.
(265,400 bales as against 585,300 bales last year.)

41 per cent in raw cotton.
(296,200 bales as against 505,400 bales last year.)

30 per cent in rape and mustard seed.
(10,200 tons as against 14,600 tons last year.)

16 per cent in linseed.
(9,000 tons as against 10,700 tons last year.)

13 per cent in rice (including paddy).
(102,600 tons as against 117,900 tons last year.)

8 per cent in tea.
(7,657,500 lbs. as against 8,296,200 lbs. last year.)

The imports of wheat (excluding wheat flour) by rail, river and sea into ports show an increase of 133 per cent (59,000 tons as against 25,300 tons last year) due mainly to larger exports from the Punjab, the Central Provinces and the United Provinces. The increase of 50 per cent (51,300 tons as against 34,000 tons last year) in the imports of gram and pulse is accounted for by larger exports mainly from the Punjab and the United Provinces.

It will be seen from Table IV (wheat, excluding wheat flour) that the principal sources of the imports in February 1916 were the United Provinces and the Punjab. During the corresponding month of 1917, the Provinces from which the ports received their supplies were mainly the Punjab (29 per cent of the total); the Central Provinces (24 per cent) and the United Provinces (20 per cent). Table XI shows the *exports* out of India of wheat (including wheat flour) month by month during the last six years.

NOTE.—One bale of cotton or jute is equivalent to 400 lbs.
One maund is equivalent to 82$\frac{2}{7}$ lbs.
One maund of paddy is taken as equivalent to 25 seers of rice

GENERAL RESULTS—ELEVEN MONTHS' IMPORTS INTO THE PORTS FROM UP COUNTRY, ETC, THIS YEAR AND LAST YEAR.

The eleven months' figures in table I show (in round numbers) an increase of—

66 per cent in linseed.
(335,000 tons as against 202,200 tons last year.)

15 per cent in rape and mustard seed.
(162,300 tons as against 140,600 tons last year.)

13 per cent in wheat (excluding wheat flour).
(1,152,500 tons as against 1,018,900 tons last year.)

11 per cent in gram and pulse.
(436,100 tons as against 391,900 tons last year)

Imports of raw cotton by rail, river and sea into ports show a decrease of 26 per cent (2,707,400 bales as against 3,669,300 bales last year) mainly on account of smaller exports from Bombay, the Central Provinces and the Nizam's Territory. The decrease of 20 per cent (1,006,900 tons as against 1,266,400 tons last year) in rice (including paddy) is mainly accounted for by smaller exports from Burma and Madras. The imports of tea into Calcutta show a decrease of 15 per cent (235,227,500 lbs as against 276,091,900 lbs last year) owing mainly to smaller exports from Assam. The fall of 11 per cent (4,945,300 bales as against 5,568,400 bales last year) in the imports of jute is mainly due to smaller exports from Bengal and Bihar and Orissa.

TRADE FLUCTUATIONS IN FEBRUARY 1917 AS COMPARED WITH THE PREVIOUS MONTH.

As compared with January 1917, the imports in February 1917 into the ports referred to above show (in round numbers) a decrease of—

23 per cent in jute.
(265,400 bales as against 346,600 bales previous month.)

18 per cent in raw cotton.
(296,200 bales as against 361,800 bales previous month.)

16 per cent in rice (including paddy)
(102,600 tons as against 121,700 tons previous month)

7 per cent in tea.
(7,657,500 lbs as against 8,255,900 lbs previous month)

5 per cent in linseed.
(9,000 tons as against 9,500 tons previous month.)

and an increase of—

75 per cent in rape and mustard seed.
(10,200 tons as against 5,900 tons previous month.)

14 per cent in wheat (excluding wheat flour).
(59,000 tons as against 51,800 tons previous month.)

9 per cent in gram and pulse.
(51,300 tons as against 46,900 tons previous month.)

NOTE —One bale of jute is equivalent to 400 lbs

By "Calcutta" is meant the town of Calcutta with Howrah and the Kidderpore Docks. The imports exclude, therefore, imports into those jute mills which are outside this area. Such mills form the large majority of the total mills manufacturing jute.

RESOLUTION.—By the Government of India, Legislative Department.

The 20th April, 1917.

No. 10.—With his letter dated the 30th of August 1916, Mr. Golam Hossein Cassim Ariff, an unsuccessful candidate at the election of the member of the Imperial Legislative Council to represent the Muhammadan community in the Presidency and Burdwan Divisions of Bengal, forwarded a memorial to the Governor General in Council bringing into question the validity of the election of the Hon'ble Mr. Abdur Rahim who had been declared duly elected. The memorial contained specific charges of corrupt practices, supported in several instances by affidavits, and alleged other irregularities in connection with the election.

2. The Governor General in Council after considering the memorial decided that an inquiry should be held into the allegations therein contained, and accordingly orders were issued in the letter of the Government of India, No. 3586, dated the 14th of September 1916, to the Government of Bengal, directing that with the permission of His Excellency the Governor in Council an inquiry might be held into the facts alleged in the memorial at the earliest possible date by a responsible officer, after giving notice to both the parties concerned. It was further requested that the officer selected to hold the inquiry should be directed to report whether in his opinion the charges made by Mr. Ariff were established. Considerable delay, which the Governor General in Council cannot but regard as unfortunate, took place in fixing a date for the inquiry, and it was not till the 21st of November 1916 that the parties and their representatives attended before the Hon'ble Mr. Monahan, who had been entrusted with the inquiry. As to what took place on that date, the Hon'ble Mr. Monahan in his report states that "Counsel on both sides having asked for a short adjournment, as there was a prospect of the parties arriving at a settlement" he adjourned the hearing from 11 to 2-30, at which hour Counsel on behalf of Mr. Ariff stated that his client wished to withdraw the memorial, and Counsel on behalf of Mr. Rahim stated that he was satisfied with the withdrawal. No further action was taken by the Hon'ble Mr. Monahan beyond a report of these infructuous proceedings which was communicated to the Governor General in Council by a letter from the Government of Bengal, dated the 29th of November 1916.

3. On receipt of this report, it was clear that the matter could not be left in the position in which it then rested, as definite allegations of corrupt practices had been made, which gravely affected the status of a Member of the Imperial Legislative Council. Moreover from the terms of the inquiring officer's report it appeared that something in the nature of a compromise had taken place between the memorialist and the elected candidate of which, if established, the Governor General in Council would strongly disapprove. In these circumstances the Governor General in Council considered that a full inquiry should be held not only with regard to the origiual allegations but also as to the facts which led to the withdrawal of the petition, and it was recognised that the investigating officer must be clothed with wider powers. With this object the Governor General promulgated the Indian Legislative Council (Election Inquiries) Ordinance, 1916, under Section 2 of which Mr. H. P. Duval, Legal Remembrancer to the Government of Bengal, was appointed a Commissioner for the purpose of conducting the necessary investigation.

4. The Commissioner accordingly duly held an inquiry at which a large number of witnesses were examined and he submitted the report which is annexed to this Resolution.

5. The Governor General in Council has now considered Mr. Duval's report and the evidence recorded by him and has come to the following conclusions. In the first place he regrets to state that he is by no means satisfied that the election was free from corrupt practices, though he is disposed to agree with the Commissioner that most of the actual charges made by the memorialist appear to be without foundation. Owing to the difficulties experienced by the Commissioner in conducting the investigation, due in part to the long delay that unfortunately ensued before any effective action was taken and in part to the fact that no assistance was to be expected from the memorialist who had withdrawn his petition, the evidence recorded by the Commissioner is not conclusive, and the Governor General in Council is not prepared therefore to declare the election void under Regulation XVI. The Governor General in Council, however, has arrived at this conclusion after considerable hesitation and cannot refrain from observing that the facts disclosed in the Commissioner's report indicate at

least that the case was one requiring very careful investigation. The Commissioner's report moreover shows the necessity of changes in the Regulations, and possibly the desirability of permanent legislation to provide effective machinery for the investigation of election petitions in the future.

6. The Governor General in Council further takes this opportunity of affirming his determination not to tolerate anything in the nature of a collusive compromise of an election dispute, and to emphasise the fact that the bringing of false charges by a defeated candidate against his rival would be regarded as discreditable conduct and might have the effect of bringing the person concerned within the provisions of Regulation IV (*k*).

7. Subject to the foregoing remarks the Governor General in Council sees no reason to differ from the conclusions arrived at by the Commissioner in his careful and thorough report.

ORDER.—Order that a notification under Regulation XVI be issued declaring the Hon'ble Mr. Abdur Rahim to have been duly elected, and that this Resolution together with a copy of Mr. Duval's report be published in the *Gazette of India* and also that a copy be forwarded to the Government of Bengal, for information.

Report by the Commissioner appointed under Ordinance VIII of 1916 in regard to the election held in 1916, of a representative of the Muhammadan Community in the Presidency and Burdwan Divisions in Bengal.

The allegations of corrupt practices by or on behalf of the Hon'ble Mr. Abdur Rahim are set out in the memorial of Mr. Ariff commencing with paragraph 7 (*vi*). As to paragraph 7 (*xviii*) at the commencement of the proceedings before me the attorney for Mr. Ariff stated that he had no further evidence. I have, however, made some inquiry into the general conduct of the election.

It appears that the rival candidates came into the field about February or March last. Mr. Rahim at once set to work and with the help of canvassers got people whom he considered had the legal qualifications to vote, had not been on the electoral roll before and had signed a form promising their votes to him, to make applications to be put on the new roll. The first electorate roll was published in April 1916, and after that there were applications from a large number of persons to be put on the roll. Applications were also made on behalf of the candidates to strike out persons as being ineligible. Some of the applications were granted and some were refused. An application to put on to the roll about 20 members of the Salehji family who supported and are great friends of Mr. Ariff, was rejected. Mr. Ariff says he took no steps to get the roll revised until the draft roll for the present election was published in April. Mr. Rahim thus got on the rolls several electors, including some about whose votes corrupt practices are alleged. He also got the canvassers to persuade voters to fill in printed forms promising him their support. In June and July he visited some of the electors. Mr. Ariff also had his admitted canvassers, but he says he did not pay them, though he paid their expenses in a few instances. He states that his friends who went canvassing for him paid their own expenses usually and, being well-to-do, do not like to tell him what their expenses were.

Out of the 197 voters 117 were residents of Calcutta and both sides canvassed hard chiefly in motor cars.

Mr. Rahim had a form printed which a voter could fill asking for their voting paper to be sent to an address other than that mentioned in the voters' list and his canvassers distributed it. Several voters therefore wrote to the Chief Secretary's office and asked that their voting papers should be sent to places in Calcutta. Several such voting papers belonging to voters thus came into the hands of Mr. Rahim and his supporter Mr. Ismail Choudhury. He also had a letter printed and issued warning people to be very careful of their voting papers. These letters were also distributed by the canvassers. The records of the Secretariat show that before the voting papers issued two people wrote that the papers were to be sent to Mr Ariff (Mr. Ariff gives a perfectly good explanation of this, and one to his canvasser Narendra Nath Singha and 11 to Mr Rahim or his supporters' houses. The voting papers were posted to the voters on Saturday, July 22nd and under the rules voters could vote before either a District Magistrate, a Sub-divisional Officer, Chief Presidency Magistrate, or any Sub-Registrar. In all out of 61 residents outside Calcutta and its suburbs who voted 44 voted in the moffusil and 17 in Calcutta. During the days the poll was open (*i. e.*, from July, 24th to August 5th) further applications were made to the Chief Secretary's office for duplicate voting papers on various allegations. Some such were sent by post and others handed over personally at the Chief Secretary's office to voters who were identified there either by Mr. Rahim or Mr. Ismail Choudhury.

Most of Mr. Rahim's supporters about whose votes corrupt practices were alleged voted at the Registration office—3, Charnock Place, Calcutta. Mr. Ariff's supporters in Calcutta voted chiefly at the Chief Presidency Magistrate's Court, the Sub-divisional Court at Sealdah and the Registration office at Alipur. The last day of voting was the 5th August and the day of the counting of the votes was the 12th August. Affidavits on behalf of Mr. Ariff relating to corrupt practices began to be made on the 8th and 9th August when 5 affidavits were

made at Diamond Harbour and 1 in Calcutta and continued throughout the month. Mr. Ariff collected these affidavits and on these his petition to His Excellency the Governor General in Council was drafted by Mr. B. C. Mitra, Barrister-at-law and Standing Counsel, and others.

Mr. Ariff has stated how he came by his information. Mr. Rahim states that he heard of some corrupt practices committed by Mr. Ariff, and he also made some inquiries about them.

Neither Mr. Rahim nor Mr. Ariff could produce any full account of their expenditure. Mr. Ariff has produced no account at all; he says that any expenses of his canvassers which had to be paid for, was paid from the household monies of himself and his brothers who live jointly with him, and that his elder brother's wife disbursed any expenditure there was. His whole expenditure did not exceed Rs. 200 to Rs. 400. He had the use in all of 12 motor cars (his own and of friends).

Mr. Rahim has given some account of his expenditure to me. He says that his firm (Messrs. Bux Ellahi & Co.) purchased a new motor car in June for Rs. 3,025 and incurred extra expenses on motor tyres and petrol, owing to the election, of about Rs. 1,000. His firm also met his printing charges but he cannot show them separately. He keeps no private account of his personal expenditure, but has a private income of from Rs. 2,000 to Rs. 3,000 a month from house-rents in Calcutta. He has too presumably his share in the profits of the firm of Bux Ellahi He says he spent about Rs 1,000 on canvassers and travelling expenses for his canvassers, servants and friends. The only details he can give are as follows :—

Canvasser Fazle Rahman—Rs. 50 a month for 3 months and at Rs. 100 for 2 months and his expenses of coming to Calcutta. (This canvasser had 3 voters to look after.)

Abdul Hamid—Rs. 50 a month for 5 months and Rs. 100 *bukshish* after the election. (He had 5 or 6 persons to look after.)

Abdul Gani Khan (father of Abdul Hamid)—Rs. 60 for 2 months. (He was then dismissed.)

Kazi Abdul Gani Khan—Rs. 50 or 60 for the last 2 or 3 months. (He got promises of 3 voters but only 2 were polled.)

Mr. Rahim has also produced a list of the charities of his firm in the last year showing an expenditure of Rs. 34,000. It is not abnormal compared to his charities of other years (lists of which for two other years were shown). I cannot find that either candidate set out any programme or declared their political faith in any policy. One canvasser of Mr. Rahim stated that he told the electors that they should vote for Mr. Rahim as his firm was so well-known for its charities, helping in the repairs of mosques, helping orphans and widows, and having started a fund for the burial of unclaimed Muhammadan dead found in Calcutta streets. The fact that his firm is charitable in this way all over India is borne out by the list filed. Mr. Ariff had more experience of election, having twice been elected to the Bengal Council. Mr. Rahim had no previous experience, but his friend Mr. Ismail Choudhury had.

As to the electorate 32 electors were Surati people by origin including Mr. Ariff, and 14 were Delhiwallas including Mr. Rahim and his father, 113 were Bengalis and the rest belonging to other nationalities. Of these electorates about half (including several shop-keepers) got their qualification as Income-tax payers, but admittedly as a whole the Surati momins and the Delhiwallas (the parties of Mr. Ariff and Mr. Rahim) are the rich part of the electorate. Mr. Ariff considers himself of a higher social status than Mr. Rahim, describing himself as a merchant and Mr. Rahim as a trader.

I now come to the specific allegations:—

Paragraph 7 (vi).—The charge here is that Mr. Rahim gave Rs. 2,000 as a subscription to the Burdwan Muhammedan Educational Conference held in April last to procure the votes of the electorate

Mr. Ariff says he got the information from a late Head Master of the Jubilee Laik Institution, Burdwan, and also heard that several voters were offered sums up to Rs. 1,000 to vote for Mr. Rahim.

Mr. Rahim shows that his firm paid only Rs. 1,000 towards the Conference, and this sum had been promised to the Hon'ble Mr. Fazlul Haq, the Secretary, in October, before Mr. Rahim had come forward as a candidate. Mr. Fazlul Haq, however, did not want to keep so much money until he knew the Conference would be held though Mr. Rahim offered to pay it at once. His firm actually paid the Rs. 1,000 on April 4th, 1916, after his candidature was announced. The Hon'ble Mr. Fazlul Haq supports this version of the transaction, and I see no reason to disbelieve him. Mr. Rahim had assisted the Conference on a previous occasion by paying off the deficit when it was held in Calcutta a few years ago.

There is no evidence that there were any corrupt practice in Burdwan or its neighbourhood put before me.

Paragraph 7 (vii).—The only evidence that Mr. Ariff has produced on this charge of giving entertainments to influence voters is that of two invitations to two voters (Exhs. N. & O.) whom Mr. Rahim had got on to the lists, who were invited to dine with Mr. Rahim on 16th April at his garden house at Seth Bagan, Dum Dum. One of these voters was

Abdul Aziz who voted twice and the other voted for Mr. Ariff. Neither of them are men of much account—being very ordinary shop-keepers. Mr. Rahim says he only invited his friends, as he always does, and that he has regularly entertained for some years; as a matter of fact owing to the election he has not entertained so often as usual during the time it was on, as he was too busy.

It does appear that he asked these voters to dine after he had got their names on to the roll, but it is argued that mere treating is not an offence in Indian elections, and that anyhow he had no corrupt intention. As a matter of fact these two voters refused the invitation and there is no evidence as to who else was there. Mr. Ariff has not substantiated anything more than that two voters who subsequently voted for him (one of them also voting for Mr. Rahim) were asked to dinner and refused the invitation.

Paragraph 7 (viii).—*Re* voters alleged to have been brought at Mr. Rahim's expense to vote at Calcutta.

I will take this paragraph last as I will have to treat of the conduct of most of these voters in dealing with the specific charges of bribing and corruption.

Paragraph 7 (ix).—The charge here is that Nader Jang, a canvasser of Mr. Rahim and member of the Chitpur Nizamat family, went to Hughly and saw Sahebzada Aminuddin, a member of the Mysore Family who was a voter, and was formerly a Sub-Registrar in the Hughly District and asked him to obtain the vote of Moulvi Izad Bux, a pleader of high position at Hughly. This statement is set out in a letter Exhibit D. given by Aminuddin to Mr. Ariff. Before me, however, Aminuddin has changed his story. He now says he does not know how much the offer was and that the offer was made not by Prince Nader Jang, but by an unknown man. Whatever that may be, that there was a talk about an offer of a bribe for Mr. Izad Bux's vote being made on behalf of Mr. Rahim is clear from the fact that it got to Mr. Izad Bux's and subsequently to Mr. Rahim's ears. The result was that Mr. Izad Bux, who is a very respectable gentleman, refused to vote for either party. Mr. Rahim hearing of it went to Chinsura himself to inquire, but could only find it was a rumour. In this connection, I would also refer to the fact that another voter Sahebzada Wasif Qadr Asif Ali Mirza of the Nizamat Family of Murshidabad after recording his vote for Mr. Ariff changed his mind and wrote a letter both to the Registrar and the Returning Officer asking that his vote should be cancelled. I do not consider however that anything has been proved against Mr. Rahim in this matter. It appears proved that rumours were going about in Chinsura that Mr. Rahim was buying votes; but in the first place Aminuddin's evidence on solemn affirmation does not agree with his letter which was not sworn to, and in the second place Nader Jang denies the story. It is not proved too that the man who made the offer was a canvasser of Mr. Rahim or was acting with his knowledge.

Paragraph 7 (x).—The charge here is that Mr. Rahim offered Nowsherwan Jah, a grandson of the late King of Oudh and a Political Pensioner, some monetary assistance and a promise that he would use his influence with Sir Shamsul Huda to obtain an appointment for him in the Registration Department if he could procure the vote from his uncle Prince Sultan Mirza for Mr. Rahim, and further threatened him that if he did not procure the vote he would take care to see that Nowsherwan Jah never gets an appointment in Government service. Besides the evidence of Nowsherwan Jah in support of his affidavit there is the evidence of Sk. Mahbur Ali that Nowsherwan Jah told him before the election was over of the incident. Mr. Rahim denies the incident; so does Prince Sultan Mirza, and Mr. Rahim says that he was taken to Prince Sultan Mirza by Sultan Mirza's step-brother Prince Dara Jah and introduced to him, but that as Prince Sultan Mirza had already promised to vote for Mr. Ariff, Mr. Rahim was unable to get his vote. As to the alleged promise Sir Shamsul Huda has made a statement which shows that Nowsherwan Jah has been trying to obtain an appointment in the Registration Department and saw Sir Shamsul Huda about it two years ago. Sir Shamsul Huda however found he was quite unfit educationally. Quite recently, however, Sir Shamsul Huda was approached again on his behalf by Mr. Zahed Surhawardy, a gentleman who was on the Bengal Legislative Council as representative of the Muhammedans of the Presidency Division and had had the support of Mr. Ariff in getting elected. In this connection it is further alleged by Nowsherwan Jah that Sir Shamsul Huda's name was canvassed as that of a supporter of Mr. Rahim, and that this fact would influence voters. In this connection the Presidency Magistrate, Khan Bahadur Abdus Salem, was examined, and he said that Prince Sultan Alam asked him to vote for Mr. Rahim and remarked that Mr. Rahim was supported by Sir Shamsul Huda. Sir Shamsul Huda says that his sympathies were with Mr. Rahim, but that he expressed no opinion. It may well be, considering the excessive canvassing which was going on, some canvassers might have used Sir Shamsul Huda's name, but this was quite unauthorised by Sir Shamsul Huda and is not in itself a corrupt practice. As to this specific charge of the promise it appears to me to be a most unlikely incident. The promise of pecuniary help is extremely vague, and the promise to procure an appointment for this uneducated youth seems to me to be extremely improbable. Nor could Mr. Rahim have thought it possible that either Prince Sultan Mirza would vote the way his nephew would like him to, or that he could procure from Sir Shamsul Huda an appointment for such an incompetent person. It is further at least strange that Mr. Zahed Surhawardy, who had the support of Mr. Ariff in the Bengal Council election, about two months ago (*i.e.*, after the first inquiry was ordered), approached Sir Shamsul Huda again to see if this young man could be helped.

Paragraph 7 (xi).—The charge here is that Moulvi Abdul Rahim by threats induced Abdul Aziz who had already voted for Mr. Ariff to vote again for Mr. Rahim.

The case of the voting of Abdul Aziz is peculiar and somewhat amusing Abdul Aziz has a shop in Radhabazar and his address in the voting list is given as Radhabazar. His home is at Punchberia in the Howrah District and he was at Punchberia in the end of July. His story is (and it is supported by Narendra Nath Singha, a canvasser of Mr. Ariff but a witness who is by no means above suspicion) that on the 25th of July in the evening Narendra Singh arrived at Punchberia and stayed the night at this Muhammedan's house. The next morning Narendra Nath Singha, Abdul Aziz and Abdul Aziz's brother came back by train. Narendra had a return 2nd class ticket. Abdul Aziz who was not aware of this so, though he naturally travels intermediate, on this occasion bought three second class tickets and the three returned together to Howrah Station. The extra ticket was not used, but Narendra did not pay this voter the price of it. Arriving at Howrah Station they got into Mr. Ariff's motor which was waiting for them. They then went to Mr. Ariff's house. As Abdul Aziz had not yet got a voting paper, he not having been to his house in Radhabazar since the voting papers had been issued, Mr. Ariff's voting paper was taken for the purpose of being used for Abdul Aziz's vote. Mr. Ariff supported this part of the story until I showed him a letter which he had addressed to the Chief Secretary on the 28th of July, in which he said that he had lost his voting paper out of his motor car.* Mr. Ariff then said that probably one of his brother's voting paper was used. Having procured a voting paper, the voter, Narendra and one Dr. Paul, who appears to be an Islami preacher and who has been financially assisted by Mr. Ariff and his friends the Salehjis, proceeded to Entally Sub Registry office and there Dr. Paul, who did not know Abdul Aziz before this incident, identified Abdul Aziz to the Sub-Registrar and Abdul Aziz voted for Mr. Ariff. The parties then came away. Narendra Singha was dropped at his house and Dr. Paul took Abdul Aziz back to his shop in Radhabazar. They found there Abdul Aziz's voting paper waiting for him which Dr. Paul impounded and took away with him and handed over to Mr. Ariff. The vote had been recorded sharp at 11 o'clock at Entally. It then appears that a canvasser of Mr. Rahim, Shefaulmulk Abdul Rashid arrived at Abdul Aziz's shop. He somehow must have had a voting paper with him and he took Abdul Aziz in a car and gave him a ride out to Cossipur about five miles away where at 1 o'clock the same day on his identification Abdul Aziz recorded his vote again before the Sub-Registrar in favour of Mr. Rahim. Abdul Rashid is an inhabitant of Delhi. Telegrams were sent to him to come and give evidence but he did not appear.

There is no evidence that any threats were used to Abdul Aziz who seemed to have given his vote for both sides in return for drives in motor cars. No explanation however is given as to how Rashid had a voting paper handy, but it is proved from the Chief Secretary's records that several voters' papers were sent to the firm of Bux Ellahi on receipt of letters written on Mr. Rahim's printed form. It appears as I have remarked above that before the election several voters filled in forms printed by Mr. Rahim asking for their votes to be sent to care of Bux Ellahi or Ismail Choudhury or to 10, Colutola Street, the office of the firm of Bux Ellahi. Thus Mr. Rahim got possession before the election of several voting papers, and as the voting papers were not marked with the voters' names, anyone could use any voting paper he could procure. In the same way two voters who expected to be absent from Calcutta had their voting papers sent to care of Mr. Ariff. The copy of the Gazette attached (flag 17) will show how after the election list was out a considerable number of voters had their votes sent to Mr. Rahim or his friends. Mr. Rahim explains this by saying that he also issued a warning letter to his supporters to be very careful about their voting papers as he thought that in the recent election of the Muhammedan representative for the Presidency Division several voting papers of Abdul Karim's supporters had gone astray, and he suspected had been stolen in the post. As to the specific charge however with which I am now dealing there is nothing to prove that any threats or promise of pecuniary assistance were made to Abdul Aziz. I would remark that this Abdul Aziz is the same gentleman who had been put on the register by Mr. Rahim's exertions and who was invited to dinner by Mr. Rahim in April but refused the invitation.

Paragraph 7 (xii).—The charge here is that Mr. Rahim promised to pay Rs. 5,000 for the repair of his canvasser Fazle Rahaman's mosque at Magra Hat and also offered pecuniary assistance to help three voters who live within a few miles of Magra Hat. This charge is supported by six affidavits. It is admitted that Fazle Rahaman who is now not in good circumstances went to Mr. Rahim in March and offered to be his paid canvasser. Mr. Rahim took him on without apparently knowing very much about him, as a canvasser on Rs. 50 a month. He found two persons who could be put on the register—Golam Afsar Molla and Nasibal Islam Molla. He also procured from them their signature on a printed Bengali form stating they would support Mr. Rahim. These two men thus became voters. There was a further voter in the neighbourhood Shah Alam. Fazle Rahaman was a canvasser for these three voters only and received a pay of Rs. 50 a month up to the beginning of July. The following facts are further admitted. On the 29th of June Mr. Rahim went by train in a first class reserved carriage to Magra Hat to meet the voters by arrangement with Fazle Rahaman. Nasibal and Golam Afsar live some miles from Magra Hat, but they have to pass through it in going and returning from Diamond Harbour or Calcutta. It was therefore convenient for Mr. Rahim, who wished to see them, to meet them there. Mr. Rahim says that Shah Alam

accompanied him from Calcutta as also did one Adam Gazi and Wahed, and they arrived at Magra Hat about 10 o'clock in the special carriage. There they were met and taken to Fazle Rahaman's house. The two other voters were present there and Mr. Rahim asked them to promise their votes to him personally. They agreed. Light refreshments were served on their arriving, and subsequently a good feast was given, Mr. Rahim dining with Fazle Rahaman's family and the voters at Fazle Rahaman's expense. It was also arranged that they should write to the Chief Secretary to have their votes sent to the care of Mr. Rahim's firm and not to be posted to their villages. These letters were given Mr. Rahim who forwarded them to the Chief Secretary (Exhs. A-2, A-3) and in these letters the voters say they will be at Mr. Rahim's address at the time of voting. Mr. Rahim came away in the special carriage about 2 o'clock in the afternoon. The charge is that Mr. Rahim paid for the feast and that he promised the three voters pecuniary assistance in clearing off their mortgages, and promised his canvasser Fazle Rahaman Rs. 5,000 for repair of his mosque. The evidence on this point is most discrepant, and one witness who had given an affidavit now backs out of it. It appears that on the 9th of August the people who swore the affidavits went to Diamond Harbour with one Bilait Ali, the Secretary of a local school, of the managing body of which Mr. Ariff is one of the members and swore affidavits to this effect. All except one of these affidavits were subsequently given up and the affidavit makers came to Sealdah and swore fresh affidavits to the same effect, this being arranged by Muhammad Amin who went out to Magra Hat to make inquiries as to what had taken place on behalf of Mr. Ariff. Some of these persons who made the affidavits were connected with the Magra Hat school and so under the influence of Bilait Ali; but one has since apparently resigned and he has given evidence before me denying the truth of the affidavit. I cannot myself believe the affidavits or the evidence of the people who made them. It is not clear why the two voters who live eight or nine miles from Magra Hat should vote for Mr. Rahim because Mr. Rahim was going to repair a small mosque at a high cost of Rs. 5,000 there; and the evidence that Mr. Rahim ever gave out any hope to these voters of paying off their mortgages is most discrepant. My finding on the evidence is that Mr. Rahim went to Magra Hat to procure these votes and that Fazle Rahaman who was his paid canvasser gave a specially good feast to him and the voters. It further appears that after this visit Fazle Rahaman's pay was increased to Rs. 100 for the months of July and August. Mr Rahim explains this by saying he thought it better to give him a fixed sum instead of *bakshish* after the result of the election as he did in the case of one or two other canvassers. As to this charge it would, I consider, come under the charge of treating if treating, is an offence, and certainly the payment to Fazle Rahaman in all of Rs. 400 to see that these people voted for Mr. Rahim seems quite out of proportion to the work required. There are, however, no rules at present in existence limiting the amount that may be spent on paid canvassers. These voters finally voted in Calcutta, and the evidence is that they came to Chetla not Colutola Street as they said they would in their letters. It appears that they had regular business in Calcutta and had lodgings in Chetla. Shah Alam too is a regular visitor to Calcutta. Golam Afsar voted on the 28th and Nasibal on the 31st. On Mr. Ariff's side it is alleged that they were taken to vote by Mr. Rahim in his motor cars. The voters, however, tell us that they came to the Registration office by tram car from Chetla and went to the Registration office without Mr Rahim knowing anything about it though he had their voting papers, and that they then voted on his identifying them at the Registration office and subsequently went home. It seems to me that these voters protest too much. It would have been no offence for them to have gone in Mr. Rahim's motor car from Chetla to the voting place though there is no reason why they should not have voted at the Alipur Registry office which will be only a few minutes walk from their lodgings. I have been told, however, by Counsel for Mr. Rahim that Mr. Rahim did not like the arrangements made at the Alipur Registration office and so he did not care to have his voters polling there. In reference to the charge that Mr. Rahim paid the expenses of these voters for coming to Calcutta to vote I do not consider it has been substantiated (charge in paragraph VIII), though the evidence of the letters saying they would be staying at his place is very suspicious.

Paragraph 7 (xiii).—There were four voters in Basirhat Sub-divisional jurisdiction—Moulvi Golam Kasim Khan Bahadur and Abdul Baseque residents of Basirhat town, Golam Gafar Mondol of Mukundakati village, a short distance away from Basirhat and Ismail Sardar of Kolutola, a village some miles off from Basirhat and reached from the station named Chingrihatta which is about six miles from that town. The evidence is that Dr. Ibrahim who has not been examined on behalf of Mr. Ariff was canvassing for Mr. Ariff in that quarter, and Mr. Ariff also had other canvassers and he had on the previous occasion when he stood for election for the Bengal Council obtained the votes of the gentlemen of this quarter. Mr. Rahim sent his servant a Punjabi Abdul Gafur Khan to canvass the votes. As to Ismail Sardar's vote it is alleged that Ismail Sardar has a mosque and a Muktabkhana and Abdul Gafur Khan arrived at the village and found him and, with the help of the Moulvi of the Muktab Fazlul Azim, asked Ismail for his vote for Mr. Rahim explaining to him that Mr. Rahim was very charitable and sympathetic, helping orphans and widows and had opened an Association in Calcutta for burying unclaimed dead bodies of Muhammedans and on that Ismail promised to vote for him. The allegation of Fazlul Azim is that Ismail showed him the poor condition of his school and mosque and said that Mr. Rahim had already promised

Rs. 2,000 for the repair of the Shahi mosque at Basirhat, and so Ismail would like certain arrangements for the benefit of his mosque and school. Abdul Gafur Khan has said that Mr. Rahim was coming to Basirhat on the following Friday and he should come in there and arrange matters with him. It is admitted that Mr. Rahim went to Basirhat on Friday the 14th of July and went to the Dâk Bungalow. This was during the Roza and so there was no question of refreshments. He says that he then went to prayers at the Shahi mosque where also the Khan Bahadur Golam Kasim and Baseque were at prayer. When he came out from prayers some people spoke to him about the bad state of the mosque. It appears the mosque was repaired sometime ago but the people want a covering for the open platform. Mr. Rahim on this point explains as follows: "Some people "caught me as I came out and said the mosque was built by an old king and they were "in need of a new shed over the open platform of the mosque and asked me to contribute. I "asked if they had raised subscription. They said they had not but were going to do so "shortly. I told them when they raised subscription they could see me about it, and I "would consider. I asked what it would cost and they said about Rs. 1,200. There was no "talk of an estimate being prepared." The affidavit givers (one of whom however has gone back on his affidavit) say that a definite sum was offered for the repair of the mosque and for Ismail's mosque at the Dâk Bungalow afterwards and that there was also promise to pay off the debts of the voters. As to Khan Bahadur he denies that he has any debts to pay at all. He is an Honorary Magistrate of some position who has been recently prominent in procuring a dispensary at Basirhat. The voters also deny that they were ever promised any money for their votes. I cannot say that I am much impressed with the affidavits and the evidence in support of them which again are rather of the nature of hearsay evidence. But it is clear that Mr. Rahim certainly held out a sort of hope to the people of Basirhat in general that he would help them with subscriptions when they were in a position to repair the mosque—a mosque of some antiquity and celebrity and this at a time he was wanting the votes. I do not believe that he could ever have made any offer to repair Ismail's mosque though Ismail went too far by trying to make out that he had no mosque at all. Fazlul was a wandering Musafir and had gone to Kolutola to lead the prayers and read the Koran during the time of the Roza. The evidence as to these voters goes on to the following effect. It appears that on the 18th Mr. Ariff says he heard that Rashid (who was canvassing for Mr. Rahim) was going to Basirhat to see the voters again on behalf of Mr. Rahim. He therefore sent Mr. Ismail Salehji to watch him. Mr. Rahim says (and it seems more likely) that he heard that Ismail Salehji was going to Basirhat to try and get voters to vote for Mr. Ariff and so he sent Abdul Rashid to watch him. Abdul Rashid went by motor accompanied by Kamaluddin. Mr. Ismail Salehji also went by motor. Both parties certainly went to Basirhat on the 19th and Mr Ismail Salehji says that after Rashid left he saw Baseque (Khan Bahadur Golam Kasim had then come to Calcutta) and asked him who they were going to vote for and Baseque said that as they had received an assurance about the mosque from Mr. Rahim the Basirhat people would vote for him. Mr. Ismail Salehji however was not told of anything in writing. Mr Salehji then returned to Calcutta and saw the Khan Bahadur who said he was getting money from Mr. Rahim on high interest, but if Mr. Ariff will lend him some on lower interest he would vote for him (a story I do not believe). It appears that when his election petition was being drawn up by Mr. Ariff there came into his hands a letter with a printed address 10, Colootola Street, and typed purporting to be signed by Mr. A. Rahim. Mr. Ariff says that he got loan of this letter for two days only from one Marfatulla, a man who had been his canvasser in Basirhat when he stood for the Bengal Council. In this letter the writer promises that all he had said for the benefit of the mosque he as a Muhammedan would perform and if this letter were genuine there would be no doubt that Mr. Rahim had promised money in return for votes. The letter was seen also by the Hon'ble Mr. B. N. Basu, Solicitor for Mr. Ariff, at the time of preparing the petition. It was also seen by Dr. Surhawardy, a canvasser and supporter of Mr. Ariff and was referred to when Mr. B. C. Mitter and Mr. N.N. Sarkar were preparing Mr. Ariff's petition. As, however, it is said, it could not be used it was not referred to in the petition. The fact of the existence of this document was mentioned to me in an anonymous petition and when I asked Dr. Surhawardy about it he said that he had seen the document. A few days afterwards the document reached me anonymously with a letter saying that it had been recovered from the man who had got it by promise of payment and making other allegations against Mr. Rahim's supporters. Mr. Rahim denies naturally having issued such a letter. Mr. Ariff's conduct in regard to it appears to me to show that he did not put very much reliance on it. At the same time I would remark that Mr. Ariff in his petition did not apparently use all the evidence he had as there was an affidavit offered him by a guest of his, one Menatulla, who had voted for Mr. Rahim, in which Menatulla says he was asked to vote twice, that he was told that Mr. Rahim was willing to help him with Rs. 5,000 to liquidate his debts if he voted for him and that he did not get this sum but only got Rs. 25 for his expenses through one Mobarak Ali, a canvasser of Mr. Rahim. This, however, is not one of the charges set out in Mr. Ariff's petition and so has not been gone into.

These Basirhat voters (except the Khan Bahadur) all voted in Calcutta and Mr. Ariff alleges that they did so at Mr. Rahim's expense. The Khan Bahadur had his voting paper sent to him care of Shefaulmulk Abdul Rashid, the man who had been to Basirhat on the 19th July, as he was ill he came to Calcutta in July to stay with his son-in-law at Chetla to be under medical treatment, and he was actually under the treatment of Dr. B. L. Bose.

He voted, however, at the Chief Presidency Magistrate's Court on the advice of Shefaulmulk Abdul Rashid that least trouble was caused there. I do not think there is anything suspicious about his voting in Calcutta.

Baseque, though a resident of Basirhat voted at the Calcutta Registration office. He says that he came to Calcutta to make purchases as the Id was just coming on and so while he was here he voted on the 28th July. His story is that he always comes to Calcutta to buy things before Id, and that he came straight to Calcutta by the Basirhat Railway, came down from Shambazar to the Registration office and then went away. I must say his evidence is most suspicious. In the first place it is full of obvious falsehoods. He says that he came to the Registration office as it was mentioned in the voting paper. The voting paper is entirely silent as to where anyone should vote at all. He says he got his voting paper ten days or more before he came to Calcutta. He voted on the 28th. The voting paper could not have reached him before the 23rd at the very earliest. His explanation why he did not vote at Basirhat is that people on both sides were bothering him so much as to his vote and so he thought he would slip off to Calcutta and vote and then afterwards would say that he voted. He further said that he did not tell Mr. Rahim that he voted for him. This is difficult to believe as it is Mr. Rahim who identified him at the Registration office. Further this witness did not come to give evidence until a warrant was issued for his arrest and hearing of that he suddenly appeared. As to this man's evidence I hold that there is considerable suspicion as to the circumstances under which he voted.

As to Ismail Sardar he voted on the 24th July at the Registration office. Voting papers were only sent out of the 22nd and he lives some distance from a Post office. His story is that on the morning of the 24th July he had to come to Calcutta owing to a relative being ill the relative being a son of the paternal aunt of his nephew's wife. On his way to Calcutta he went to the Hasnabad Post office and took his voting paper. How he knew it would be there then is not very obvious He then came about 5 hours in the train and then another 5 miles to Registration office and then voted on the 24th which was a Monday As the voting papers did not leave the Secretariat till the 22nd and 23rd was a Sunday he could not have presumably got his voting paper before the office opened at Hasnabad on the 24th. He thus could not have reached Shambazar till late in the afternoon on the 24th, the train reaching there about 4-30 which would be too late to enable him to vote on that day at all. The circumstances therefore of his voting in Calcutta instead of voting as he could have done at Basirhat are suspicious too. On the other hand it is alleged on Mr. Ariff's side that he was fetched from his village in a motor car to vote and kept in Calcutta at Mr. Rahim's expense.

Golam Gafar also voted on the 24th July. His house is a few miles from Basirhat. There would be the same difficulty of his getting his voting paper in time to enable him to vote on that day. His story is that he came to Calcutta to his brother in Harsi Street and was there for 2 days and from there he went straight to Charnock Place in his own gharry to vote. There is no explanation therefore as to what paper he voted with. He certainly on his own showing could not have voted with his own paper.

Paragraph 7 (xiv)—The charge in this paragraph is purely hearsay, one Kamaluddin who is a friend of Abdul Rashid and used to go about with Abdul Rashid, canvasser of Mr. Rahim, in his motor, has recently proceeded to England. It is alleged that Mr. Rahim has paid him a large sum of money for his vote to help him there. It appears however from the report of the Director of Public Instruction that Kamaluddin has gone to England for the scientific study of Arabic as a State scholar on £250 a year. There is no evidence to prove that Kamaluddin received any consideration for his vote. He was a friend of Rashid, Mr. Rahim's canvasser, and would be expected to vote for him.

Paragraph 7 (xv)—The charge here is that Mr. Abdur Rahim who is a Municipal Commissioner asked Mr. Baker (Superintendent of the Municipal Market) to procure Gyasuddin Mistry's vote but Mr. Baker declined. So Mr. Rahim complained in writing to the Chairman against Gyasuddin and Gyasuddin in fear voted for Mr. Rahim. Mr. Payne, the then Chairman of the Municipality, says that he received no such complaint from Mr. Rahim at all. Gyasuddin who appears to be practically an illiterate tradesman at the Municipal Market and who is very lame says that he did not care for which he voted but that as some people on behalf of Mr. Rahim came in a motor car to his shop and took him to the Registration office and as he came in Mr. Rahim's motor car he voted for Mr. Rahim. He cannot say whether if Mr. Ariff's men had arrived first in their motor he would have voted for Mr. Ariff but might have. There is nothing further in this charge.

Paragraph 7 (xvi)—There is a voter Abdul Gani, a trader living in Darmahatta Street. His story is that Mr. Rahim came to his house towards the end of June and asked for his vote. He replied that he promised his vote to Mr. Ariff and so could not vote for him. He then says Mr. Rahim came again in July and said : " Give me your vote and I will give you something " and then gave him a letter in Urdu promising to give him Rs. 500. On the 8th of August Mr. Rahim came to his house and said : " I heard you have not voted for me ; return my letter." He pressed him and finally Mr. Rahim paid him Rs. 1,000 in 10 rupee notes to get the letter back. This money he has been spending since. Several of the notes, the numbers of which he

remembers, he only spent a few days before my enquiry. He is only corroborated by a friend of his, one Molla Mahmud who happens to be a friend of Mr. Ariff, who has a club in his garden known as the Sunday Club of which he is a member. Mr. Hashim Salehji also says that he received some notes from Abdul Gani in the beginning of January. He is a firm supporter of Mr. Ariff and Mr. Rahim got a large number of the Salehji's votes struck off the list and he lost his vote owing to Mr. Rahim's petition. An effort was made to trace the number of the notes from the Currency Office but failed. I do not believe a word of this story. It appears to me to be too fantastic and improbable. Mr. Rahim says he never canvassed Abdul Gani as he was told Abdul Gani was a member of Mr. Ariff's Sunday Club and he did not venture to canvass the Amratolla quarter where Mr. Ariff has his residence. The story is so improbable that I notice that even Mr. Ariff's solicitor in his argument practically did not refer to it.

Paragraph 7 (xvii).—The charge here is that Tahersana, a voter of the Khulna District was given Rs. 500 for his vote. There is one affidavit only in support of this story. The story is that Tahersana, who lives at a great distance from Khulna, came to Khulna in connection with a case in his own boat about the end of July and on the 31st July his vote and the vote of one Majum Taluqdar who voted for Mr. Ariff were recorded. The affidavit maker's version of the occurrence is that Tahersana was in his boat and was going to vote for Mr. Ariff and that Tahersana told him (Ahmed Sobhan) that Abdul Gani Khan had offered him Rs. 500 for his ryots of which he had paid Rs. 100 in advance and that the balance of the money was subsequently forced on Tahersana before he voted. The chief and most reliable witness on Mr. Ariff's side in this matter is Doctor Surhawardy. He says that he went to Khulna on the 31st of July where he arrived in the morning and met a voter there, Majum Taluqdar, who was going to vote for Mr. Ariff. It may be noted about this Majum Taluqdar that he had sent a letter to the Chief Secretary asking that his vote should be sent, not to his own address, but to the care of Messrs. Harry Lyons and Co., *i.e.*, Narendra Nath Singha. It would therefore appear that Narendra Nath Singha on behalf of Mr. Ariff had taken down the paper with him to Khulna for Majum Taluqdar. After his arrival that morning Dr. Surhawardy went to Tahersana's boat and canvassed him. Tahersana complained that there was a great deal of *Daka-daki* (which was subsequently explained by him as meaning bidding for votes). He discussed the question who to vote for remarking that the Legislative Council was not a factory for making cigarettes (referring to Mr. Abdur Rahim's occupation) nor a mill for manufacturing silk (referring to Mr. Ariff's occupation) and that it was quite a different matter that he had voted previously for Mr. Zahed Surhawardy who was a barrister. Dr. Surhawardy says that Ahmed Sobhan told him that Tahersana had received Rs. 100 from Abdul Gani. Majum Taluqdar's vote was recorded shortly after 11. While he was resting in the bungalow he was informed that Tahersana was being taken to the Registry office to have his vote recorded in favour of Mr. Rahim. He went with Naren Singha towards the Registration office where he was told that Tahersana was being taken to the Magistrate's Court. He and Naren Singha went out and saw Tahersana going along with Mr. Rahim's canvassers and Naren Singh alleges that he saw money thrust into Tahersana's hands. Dr. Surhawardy however did not see this. Dr. Surhawardy then went into the Sub-Divisional Officer's Court where he discovered Tahersana and there sent up his card to the Magistrate. It is clear too from the evidence of the Sub-Divisional Officer that Dr. Surhawardy hoped to get Tahersana to record his vote before him. The Sub-Divisional Officer however sent for the rules before he recorded the vote and in the meanwhile Tahersana seems to have gone away followed by Dr. Surhawardy and have got back again into the hands of Mr. Rahim's supporters. When he reached the Registration office he insisted on voting in a screened-off room and there was some argument between a muktiar for Mr. Rahim and Dr. Surhawardy before the Sub-Registrar over the place where he should vote. There are other versions of the story, but this seems the most reliable. It seems to me that if the passing of the notes had really taken place before Dr. Surhawardy went to the Sub-Divisional Officer and said to him that he wanted to have a vote recorded, something would certainly have been said about the passing of this money. The story therefore that any money passed at that time is, I hold, a false one. At the same time what appears to have taken place is that Tahersana had been canvassed by both sides and each side was still hoping to procure his vote in the end. His remark to Dr. Surhawardy that he never knew before such bidding for votes looks very much as if promises were held out to him in the name of both candidates. He looks to be a shrewd old man though he does not appear to have been under police suspicion as when I summoned him I was informed by wire by the District Magistrate of Khulna that he had recently been released on police bail in some case. He however indignantly denied the truth of the District Magistrate's telegram to that effect. He was pressed to vote by canvassers of both sides and even when he reached the Registration office, a muktiar on behalf of Mr. Rahim and Dr. Surhawardy on behalf of Mr. Ariff raised a discussion before the Registrar as to how his vote was to be recorded. A pleader was then brought in to swear an affidavit to the effect that his vote has been recorded at the Registration office and there was a considerable excitement over the old gentleman who as a matter of fact finally voted for Mr. Rahim. I cannot hold therefore that Mr. Ariff has proved any promise or any money being paid to Tahersana for his vote, but Dr. Surhawardy's evidence of what Tahersana said to him seems to me to show that promises of some sort were held out to him by the canvassers of both sides.

Paragraph 7 (viii).—I lastly take item No. *(viii)* which is the charge that Mr. Rahim invited a number of voters to Calcutta and brought them down here at his expense and entertained them there and so they voted for him.

I have already dealt with Khan Bahadur Golam Kasim, Golam Gafur, Abdul Baseque, Ismail Sardar, Nasibal Islam and Golam Afsar. Of the other voters mentioned I have been unable to trace Khater Gain (voter No. 70). Azahar Sardar's evidence is as follows :—Azahar Sardar says that an old man and an young man came to his village, the old man asked for his vote for Mr. Ariff and the young man for his vote for Mr. Rahim. He refused to vote for either of them saying that he did not know the candidates and they went away. After that he came to Calcutta and put up at 8 Golam Sobhan's Lane with Ismail Choudhury, a great supporter and neighbour of Mr. Rahim. He came in connection with a case to take advice from the Hon'ble Mr. Fazlul Haq as to the filing of an appeal before the District Judge of Khulna and was here 3 or 4 days. Ismail Choudhury then asked him if he had voted and he said "I have not got my voting paper and I am not going to vote at all". Ismail Choudhury then said that he would arrange to get him a voting paper. He then said that he does not know the candidates. Ismail Choudhury then said "Why waste a vote? Vote for Mr Rahim". So he was taken to the Chief Secretary's office in Mr. Ismail Choudhury's car and there was given a paper on Mr. Ismail Choudhury's identification. He was then taken to the Registry office, identified by Mr. Rahim and voted. He admits that he did not find his voting paper when he got home. He denies that Mr. Ismail Choudhury had written to him to ask him to vote. Now a good deal of this is false. It is clear that as a matter of fact a telegram was sent to the Chief Secretary in his name on the 2nd of August asking that his voting paper should be sent to Mr. Rahim at 92 Ripon Street (a house close to 8 Golam Sobhan Lane) and that on the 3rd of August just as the paper was about to be sent to him care of Mr. Rahim, he came with Mr. Ismail Chaudhury to the Chief Secretary's office and got the voting paper. For him therefore to say that he was not going to vote for any one before he came to Calcutta is, it appears, false. It is argued however that a canvasser might have sent the telegram in his name. The inference appears to me that Azahar Sardar was fetched from his village in Bagerhat, Khulna, to vote in Calcutta. He could easily have voted at the local Registration office.

Reyasat Hossain is an inhabitant of Midnapur. His story is that he was away in Sobang Thana some miles from Midnapur when his vote arrived at his house at Midnapur. His voting paper was left by the dak-walla with his uncle. When he came home he asked his grandfather for whom he should vote and he told him to vote for Mr. Rahim. He had been much bothered for his vote for the Bengal Council and as he was coming to Calcutta he thought he would avoid being bothered by voting there before he came home again. When he came to Calcutta he stayed at Ellahi Bux's musafirkhana. Next day he hired a ticca gharry and came to the Registration office to vote. He denies that he had any of his expenses paid. Of course he got free lodging in the musafirkhana. His story is extraordinarily difficult to believe. He voted as a matter of fact on the 25th, Tuesday. He does not know exactly when his voting paper was delivered but presumably not before the 24th as it was only posted on the 22nd and 23rd was a Sunday. He had then to consult his grand-father and various people and make his arrangement to come to Calcutta and then to vote the next day. As he said he arrived in Calcutta the evening before he voted he must have left Midnapur before 2 P.M., on the 24th. It is most improbable too that if he had come to Calcutta and was in Bux Ellahi's musafirkhana that he would be left when Mr. Rahim had all motors at his disposal, to pay for his own ticca gharry to come and vote.

Khaja Bux Mutwalli lives in the interior in the District of Howrah. He signed one of the printed forms of application that his voting paper should be sent to a place in Calcutta and his vote was accordingly sent to care of Abdul Majid of 31 Colootola Street. His letter is undated but his new address was noted in the Secretariat before the voting papers were issued. This Abdul Majid is a supporter of Mr. Rahim and the voting paper of another voter (No. 192) was sent to his address. The voter says the letter was written for his vote by one Azizul Haq whereas it is a printed form with gaps typed in. Though he was ill he said that he walked the whole way from Colootola to the Registration office. It is also noteworthy that he came to see a doctor but he never saw one. Nothing is proved directly in respect of these three voters getting their expenses paid but their voting here is extremely suspicious.

Uzirali Sardar says that he came to Belgachia to see a nephew who was ill though he stayed in another house and he came in a motor car sent by Mr. Rahim and voted at the Registration office. He had obviously been in Calcutta some time before he voted and it would appear that his voting paper was sent on to him from his village. There is nothing to suspect about his case.

As to Shah Alam to whom I have already referred in dealing with the affair at Magra Hat he appears to regularly live in Calcutta in Belvedere Road, Alipur. He says that he went by tram to the Calcutta Registration office to vote, though the Alipur Registration office was just opposite his door. I do not believe him. If Mr. Rahim as is admitted took him in a first class reserved carriage at his expense to Magra Hat when he went to see the other voters of that district there, he could surely have afforded to send to Alipur a motor car to fetch him to vote at Calcutta.

The other voters who voted in Calcutta I have already dealt with in dealing with the allegations about what happened at Magra Hat and Basirhat.

To sum up, I hold that the affidavits on which Mr. Ariff's petition was drafted are as a whole absolutely worthless. As to the specific charges it may be specially noted that neither candidate can give a full account of his expenses (there is no rule compelling them to keep accounts). The expenses which Mr. Rahim admits he incurred were fairly considerable; his firm spent large sums over motor cars, and he had admittedly paid four canvassers to "nurse" a very small number of voters and maintained canvassers for no less than 6 months. He also paid their expenses and the travelling expenses of some of his servants and unpaid canvassers. His estimate therefore that he spent only Rs. 1,000 on this head is too low. Mr. Ariff's excuse for not giving me any accounts seems rather futile. I find the charge that Mr. Rahim corruptly gave a subscription to the Provincial Muhammedan Educational Conference at Burdwan is not true.

As to the charge that with a view to secure votes Mr. Rahim gave a series of feasts, nautches and other entertainments in Calcutta, Dum Dum and muffosil there is absolutely no evidence except that he invited two voters whom he had got on to the roll, to a dinner party in the middle of April and they did not accept the invitation.

Of the charges that he brought various voters from muffosil to Calcutta paying their expenses and lodging them in houses provided by himself I do not hold that Mr. Rahim has cleared himself Mr. Ariff no doubt produced no evidence. His position throughout the enquiry appears t have been that he had withdrawn his petition and did not wish to fight the matter further. He has only been compelled to do so under the orders of Government. It appears that though he made this general allegation he had no evidence in support of it at the time when he briefed Sir S. P. Sinha and it appears that the allegation was looked on by Sir S. P. Sinha as a minor charge and that no evidence was forthcoming. All the evidence in this matter. I had to collect myself by summoning the voters and examining the voting papers and the Secretariat files in support of it. The voting of Golam Gafar, Abdul Baseque, Ismail Sardar, Azahar Sardar, Reyasat Hossain, Khaja Bux Mutwalli, Uzirali Sardar, Nasibal Islam Molla and Golam Afsar Molla in Calcutta appears to have been quite unnecessary, considering that some of these voters are comparatively poor people and the explanations they have given for their presence in Calcutta is in many cases obviously false. They had given what must be false evidence as to how they came to the voting places after their arrival in Calcutta as Mr. Rahim had plenty of cars to bring them to his favourite polling booth and the election was so keen that he was not likely to put them to the expense of coming there from their lodgings, as he could legally use his motor cars for the purpose. I hold that there is a very strong inference that they must have come to stay and vote at Calcutta at Mr. Rahim's expense.

As to the charge in respect of offering a bribe to Moulvi Izad Bux, pleader of Chinsura, the evidence is not satisfactory but that there was a rumour that promises of money were about for votes is proved by his own conduct in refusing to vote at all.

The charge that Mr. Rahim offered money and a promise of an appointment (to be obtained through Sir Shamsul Huda) to Nowsherwan Jah in order to obtain his uncle's vote I find not proved, though in this connection it would appear that the canvassers of Mr. Rahim were giving out without authority that Sir Shamsul Huda was supporting Mr. Rahim's candidature. Such a statement no doubt would be a considerable asset for Mr. Rahim among the Bengali voters, who are as a whole not very literate people and many of whom are only small-shopkeepers, who might be misled into thinking that such a statement was an order from Government.

As to the charge about the way in which Mr. Rahim obtained the second vote of Abdul Aziz there is no evidence that threats were used or that there was promise of money. The canvasser of this voter Rashid has avoided coming to this Court, he being in Delhi. It would have been useless for me under the circumstances to have had him examined in Delhi on commission (his absence I interpret is that he had something to conceal). The evidence of Abdul Aziz shows that he voted a second time probably in return for a motor drive. In this connection I would bring to notice that the matter of issuing duplicate voting papers and issuing voting papers without the name of the voters on them appears to have enabled canvassers and candidates to have voting papers to hand for any voter when necessary.

As to the affair at Magra Hat my finding is that Mr. Rahim engaged Fazle Rahaman to look after two voters there at an extremely high cost and that Fazle Rahaman gave a feast to these voters and to Mr. Rahim on a style much above his ordinary way of living. The charge that he promised pecuniary help to the voters who were in financial difficulties is clearly not proved and appears to be false. The charge that he promised his canvasser help is also not proved but even if he did it would be no reason for these voters if they otherwise had intended to vote for Mr. Ariff, to have voted for him as they would not have been at all benefited by the improvement of Fazle Rahaman's mosque.

As to the Basirhat affair, I find that so far as Ismail was concerned there is no evidence that Mr. Rahim offered him anything. and the evidence that Mr. Rahim's servant Abdul Gafur Khan offered him anything is also not sufficient. It is at least significant that it is

said Ismail asked for help because the Basirhat musjid was to be repaired, but it is not alleged that Mr. Rahim offered to help in the repair of the Basirhat Musjid till some days after Abdul Gafur Khan's visit to Colatola. As to the charge in respect of paying of debts of the other voters especially the Khan Bahadur I believe it to be a false charge. As to the question of the repair to the mosque Mr. Rahim admits (though he says no voters were present at the time) that when he left the mosque some people showed him that it needed repairs and he did give out hopes that the people of Basirhat might expect a subscription from him towards the repairs. I do not believe the evidence that at the Dak Bungalow he definitely promised this, nor do I believe that the letter which came to me anonymously purporting to have been sent to Abdul Baseque is anything else but a forgery. On the other hand the fact that when he was out canvassing he held out hopes to the people of Basirhat that he might subscribe to the repair of the mosque might certainly influence the Basirhat voters who on a previous occasion had voted for Mr. Ariff, and it would be unlikely that the two resident voters of Basirhat would vote contrary to the general wishes of their coreligionists when their co-religionists believed that by their voting for Mr. Rahim their musjid in which they obviously take great pride would be improved.

The charge that Mr. Rahim has lent money to Kamaluddin to enable him to proceed to England is not substantiated.

The charge that Gyasuddin Mistry was threatened and so voted for Mr. Rahim who was a Municipal Commissioner, Gyasuddin having a stall in the Municipal Market, is also not proved. Gyasuddin appears to be a quite illiterate person and only to have voted for Mr. Rahim as his motor was sent to take him to the poll.

The charge that Mr. Rahim promised help to Abdul in writing and when he found that Abdul Gani had voted for Mr. Ariff that he paid him Rs. 1,000 to get back the letter is I hold an absolutely false story and too absurd to be believed.

As to the record of the vote of Tahersana at Khulna, I find on the evidence that no money passed in the way alleged. I will not say no money passed at all. The only respectable witness on Mr. Ariff's side in respect of this matter, Dr. Surhawardy, never saw it and the whole story is most improbable. On the other hand from Dr. Surhawardy's own evidence I consider it may be fairly inferred that canvassers on both sides were holding out promises to Tahersana for his vote. The way in which Tahersana was pressed by both sides at the time of his recording his vote and the methods pursued by both sides, including Dr. Surhawardy, to get the vote recorded in favour of their candidates shows how keen the election was.

I consider that a large number of witnesses on both sides had deliberately perjured themselves, that there is good reason to believe that in certain respects Mr Rahim had transgressed the Regulation as to corrupt practices ; but that most of the evidence on which Mr. Ariff relied is palpably false.

(B) AS TO THE CIRCUMSTANCES ATTENDING ON AND THE TERMS OF AN AGREEMENT ALLEGED BETWEEN MR. ABDUR RAHIM AND MR. ARIFF WHICH WERE COMMUNICATED TO HON'BLE MR. MONAHAN ON THE 21ST OF NOVEMBER, 1916.

I have examined Counsel concerned in the case and taken the statement of Mr. Ariff and Mr. Rahim as well as of Mr. Monahan himself. Mr. Ariff says that he first knew of illegal practices on the part of Mr. Rahim before the election was complete. He had heard about the Basirhat affair from his friend Ismail Ibrahim Salehji who had been there on the 19th July. He must have heard of the Magra Hat affair too before the election was complete as affidavits regarding them were sworn at Diamond Harbour on the 9th August. He says he did not hear of the Khulna affair till Kazi Menatulla told him when he came to stay with him in August. He sent his friend Muhammad Amin to enquire into what happened at Magra Hat and he had Narendra Nath Singha also to assist him in procuring evidence. As to the letter alleged to be written to Abdul Baseque he said that he had promised not to use it. He engaged Hon'ble Mr. B. N. Basu, Attorney, and Mr. B. C. Mitter, Standing Counsel, and Mr N. N. Sarkar to draft his petition and Dr. Surhawardy appears to have been also consulted at the time it was being drawn up. Mr. N. N. Sarkar says the affidavits were discussed and the letter was considered of some importance if it could be proved, but that they thought they would be unable to prove the letter, though one would have thought that other signatures of Mr. Rahim were easily procurable. The memorial was then sent in with the affidavits but after that it appears that Mr. Ariff collected no further evidence except to get two letters of invitation and to try and trace the notes said to be given to Abdul Gani. Mr. Rahim on the other hand says that he also made enquiries while the election was on as to whether Mr. Ariff had engaged in corrupt practices and he got information that Mr. Ariff had paid voters' expenses and threatened voters to put them to trouble unless they voted for him. He says that subsequently, after he heard of Mr. Ariff's petition, he also found that Mr. Ariff had paid money to certain voters for their votes. He consulted his solicitors but no counter charges were made and Counsel for Mr. Rahim informed me while I was examining Mr. Rahim on the 24th January that the charges were not communicated to Mr. Ariff before that moment. It next appears that shortly before the enquiry, which was fixed on the 21st of

November, Sir S. P. Sinha, who as a matter of fact had received an open brief from Mr. Pugh, Solicitor for Mr. Rahim, and had forgotten about it, was engaged by Mr. Ariff, Mr. Pugh taking back the brief, and there was briefed to him only the memorial and the affidavits attached. Sir Ali Imam had counter charges briefed to him. Late in the week preceding that of Mr. Monahan's enquiry it appears clear that Mr. Rahim and his father Khan Bahadur Ellahi Bux, C. I. E., were trying to have the matter settled. Mr. Abdul Aziz, a barrister, who received a fee of Rs. 500 in connection with this case from Mr. Rahim and who, though he was given a copy of Mr. Rahim's brief, did not take active part in the case, says that Hazi Ellahi Bux first approached some delegates to a Muhammedan conference which was being held in connection with the Congress, and that when he was staying in the Grand Hotel, Hazi Bux Ellahi, Mr. Rahim's father, came to him and took him to see one Musur Ali, a Delhi man, who was also staying in the Hotel and asked him if any settlement could be come to with Mr. Ariff. It further appears that one Fakruddin from Cawnpur and Ismail Putnasi of Delhi who had come to Calcutta especially in connection with the case also went to Mr. Ariff on the Friday and pressed him not to proceed with the enquiry. Mr. Ariff says however he declined any compromise then. On the Saturday, Mr. Ariff says, Musur Ali came to him and pressed him to have the matter compromised and on Monday this gentleman pressed him again. Mr. Ariff finally told him that if his senior Counsel advises him to withdraw he will do so, otherwise not. On Monday afternoon Sir Ali Imam who had arrived from Bankipur in the morning, had a consultation with Mr. Pugh and Mr. Chaudhuri to prepare for the case on Tuesday. Before the consultation Musur Ali paid him a visit and in conversation expressed his regret that the Muhammendan society in Calcutta was so sharply divided in this dispute and asked him to see Mr. Ariff. Sir Ali Imam naturally refused. Musur Ali then went off and came back to say that there was a disposition on the part of Mr. Ariff to have the matter settled. Sir Ali Imam consulted Mr. A. N. Chaudhuri and Mr. Pugh and it was held that a compromise by reference to arbitration would not be legal. Counsel then continued to prepare themselves for the case. Sir Ali Imam says that later in the evening Musur Ali came again to him and suggested that the matter should be decided on the advice which he (Sir Ali Imam) and Sir S. P. Sinha should jointly give. Sir Ali Imam then thought that Mr. Rahim would accept the proposal. Sir Ali Imam was visited by Mr. B. N. Basu (Mr. Ariff's solicitor) the same evening and Mr. B. N. Basu said that if both sides were agreeable Sir S. P. Sinha and Sir Ali Imam should decide what was to be done. The same evening Sir S. P. Sinha was holding a consultation at his house with his client (Mr. Ariff) and he advised Mr. Ariff after reading the affidavits and understanding that there was little more evidence than what was contained in them, that most of the evidence given in the affidavits was positively worthless (a good deal of it being mere hearsay) and there might be difficulty in connecting Mr. Rahim with the charges brought. In my opinion too most of the affidavits are either false or pure hearsay. In the morning of the 21st Counsel on both sides were again engaged in preparing their case, but when Sir Ali Imam and Sir S. P. Sinha met at the Commissioner's office in consequence of what Sir S. P. Sinha was told by Mr. Basu and Mr. Ariff to the effect that both parties were willing to hold an arbitration, Sir S. P. Sinha and Sir Ali Imam had a consultation. There had been a proposal to come to arbitration with Sir S. P. Sinha and Sir Ali Imam as Arbitrators and either Sir Ashutosh Mukerjee, Mr. Langford James or Mr. Hossain Imam as Umpire. This was rejected. Sir Ali Imam and Sir S. P. Sinha then both knew that there was this proposal and Sir S. P. Sinha further was aware that his affidavits were worthless and Sir Ali Imam was aware that he had counter charges. The two Counsels went before Mr. Monahan and asked for a short adjournment saying to him that probably he would not be further troubled if an adjournment was granted till after lunch. What were the exact words used, Mr. Monahan cannot remember. Sir S. P. Sinha does not think that the word "settlement" was used but Mr. Monahan's impression is that it was used. Sir Ali Imam is uncertain. Having got an adjournment till 2-30 Sir S. P. Sinha and Sir Ali Imam went each with their briefs, to Sir S. P. Sinha's chamber at the top of the High Court and considered the position. The chief thing considered was whether the case set up by Mr. Ariff could be proved, and the Counsel both came to the conclusion that the evidence was not strong enough to prove the charges and the best course would be that Mr. Ariff should withdraw unreservedly. The counter charges were mentioned by Sir Ali Imam but they did not weigh with Sir S. P. Sinha in coming to his conclusion. Sir S. P. Sinha and Sir Ali Imam went back before Mr. Monahan and Sir S P. Sinha informed Mr. Monahan that the charges were unreservedly withdrawn. Mr. Monahan asked if Sir Ali Imam agreed and he said "Yes." As to the word "settlement" Sir Ali Imam says that it might have been used but only as meaning that the matter would be at an end. Neither of the Counsels, when the case was withdrawn, knew of any compromise nor have they heard of any agreement between Mr. Rahim and Mr. Ariff either before or after the proceedings before Mr. Monahan. After that Mr. Rahim and Mr. Ariff shook hands.

Mr. Ariff had Mr. Rahim to dinner that night and the next evening Mr. Ariff was present at a tea party given by Mr. Rahim to Sir Ali Imam. It appears that when Musur Ali made the proposal to Mr. Rahim, that Mr. Ariff might withdraw, Musur stated that there was someone who wanted Rs 5,000, and when Sir Ali Imam was leaving Howrah Station and saying good-bye to Mr. Rahim Mr. Rahim stated that this demand had been renewed. Mr. Rahim says that he was threatened that if the money was not paid there might be a further enquiry.

As to this Rs. 5,000 which Musur Ali is said to have demanded, it had been also spoken of by Mr. Abdul Aziz, who says that it was required by Mr. B. C. Mitter, Standing Counsel's servant. I think it is much more likely that it was an unscrupulous attempt by Musur Ali to get some money for himself. It appears that after the case was withdrawn a large number of telegrams were sent all over India, copies of which I have attached. In most of those sent by Mr. Rahim and his party it was said simply that the case was withdrawn but in one or two that the case was settled. Mr. Ariff's telegrams said that the case was settled or compromised, and in one the remark was added "prestige maintained". It is no doubt that Mr. Ariff even if he had to withdraw under legal advice for lack of evidence would not be likely to admit to his friends that he did so and would therefore be likely to talk about it as a settlement. On the evidence adduced I must consider that the statements which Sir Ali Imam and Sir S. P. Sinha have given clearly show the real state of affairs. It appears to me that the charges were withdrawn unconditionally mainly because Mr. Ariff had only the affidavits to go on which were also worthless. But at the same time it might have been possible for Mr. Ariff to have produced more evidence *e.g.*, the story of Menatulla who appears to be a man of some position was kept back, what Dr. Surhawardy really knew about the affairs of Khulna was kept out of the affidavits and not briefed to Sir S. P. Sinha and no evidence really was put before Sir S. P. Sinha as to the treating of witnesses and bringing them to Calcutta at the candidate's expense, though Mr. Ariff said in his evidence before me that he himself followed voters to 8, Golam Sobhan's Lane and saw they were lodging there. The charges were therefore withdrawn and no terms were made, but it is also clear from the evidence that there was a talk of a settlement going on, certainly from Friday the 17th November, one proposal being that Mr. Rahim should retire. It is also clear that Fakruddin and Ismail Putnasi had specially come to Calcutta to try and prevent the enquiry being held and settle the matter and that one Musur Ali who was at Delhi was being used as a go-between in the negotiations. The fact that Mr. B. N. Basu, Solicitor for Mr. Ariff, found it necessary to see Sir Ali Imam on the night before the enquiry shows clearly that the parties were seeing if the matter could be kept out of Court.

PUBLIC DEBT.

The 20th April, 1917.

No. 368-F.—In their Finance Department's Notification No. 745-F., dated the 6th of April 1917, the Government of India published the details of two schemes which had been devised to assist Government servants in subscribing to the Indian War Loan by means of monthly deductions from their pay. The first scheme, which enables the monthly payments to be spread over 10 months, was made available to all Government servants throughout India: but the second scheme, in which advantage was taken of an offer of the Bank of Bengal to prolong the period of payment to two years, was at the outset confined to officers serving in the Bengal Presidency and in certain other Provinces in which the Bank of Bengal operates.

The Government of India have now much pleasure in announcing that the Bank of Bombay and the Bank of Madras have agreed to make available to Government servants employed in the marginally * noted areas the same facilities for subscribing to the War Loan by means of 24 monthly deductions from their pay as are afforded by the Bank of Bengal's scheme. Accordingly the Government of India, on a request from an officer, who desires to subscribe in this way to the Indian War Loan will deduct from his pay and pay to the Bank the amount due each month for repayment of the Bank's advance. The terms on which advances will be made by the Banks of Bombay and Madras are in all respects similar to those of the Bank of Bengal scheme, as described in Appendix B to the notification of the 6th of April 1917 : and, as stated in paragraph 3 of that notification, the scheme will be alternative and not in addition to the Government scheme described in Appendix A.

* Bank of Bombay—Bombay Presidency, Sind and Berar.
Bank of Madras—Madras Presidency.

2. It is also notified that the Bank of Bengal scheme is applicable to officers serving in the United Provinces, Assam and Delhi in addition to the Provinces noted in the margin of paragraph 3 of the notification of the 6th of April.

REPORT OF THE PATENT OFFICE.

The following report on the working of the Patent Office during the calendar year 1916, is published for general information.

No 1155-P., dated Calcutta, the 31st March 1917.

FROM—H. G. GRAVES, ESQ., CONTROLLER OF PATENTS AND DESIGNS,

TO—THE SECRETARY TO THE GOVERNMENT OF INDIA, DEPARTMENT OF COMMERCE AND INDUSTRY,

I have the honour to submit, for the information of the Government of India, the Annual Report of the Patent Office during the calendar year 1916.

2. The office at 1, Council House Street, Calcutta, has been in my charge during this year.

3. Four hundred and forty-two applications for patents and 1773 applications to register designs were made in 1916 as compared with 445 and 904 respectively in 1915. The income of the office increased from ₨69,760-3 in 1915 to ₨77,608-13 in 1916. Figures for previous years will be found in the appended tables. If the natural increase of pre-war conditions had been continued, there would have been about 800 applications for patents and an income of over ₨80,000. Apart from the falling off in applications, the war does not appear to have made any material change in the nature of inventions in this country where the novel necessities of the moment are not apparent and cannot therefore be supplied by would-be patentees.

4. Altogether, 2649 patents were in force on 31st December 1916. These include 1814 patents out of 2108 sealed on 2858 applications under the Indian Patents and Designs Act, 1911, together with 65 of the 148 patents converted under section 81 of that Act. The balance 770 consists of exclusive privileges remaining under the Inventions and Designs Act, 1888. Renewal fees with or without additional fees for late payment were paid on 987 cases during the year and the cessation of 719 exclusive privileges and patents were notified. The patents granted in 1912, when the present Act came into force, are now beginning to cease owing to failure to pay the necessary renewal fees. The following table shows the effect of these fees on the life of the patents before 1913. After that year the number increases, as 18 months or more are allowed for sealing.

Date of application	1916	1915	1914	1913	1912	1911	1910	1909

5. One application for extension of the patent term was refused but eight patents which had been allowed to lapse, were restored under the provisions made for that purpose. Twelve applications for extension of the term of copyright in designs were allowed. Six oppositions, three more than in the previous year, were made to the grant of patents the opponent was successful in three cases, the applicant in one, and two are pending. Nine applications to amend specifications were made and eight allowed with or without modification, one being refused. Entries of assignments, licenses, etc., were made on the Register of Patents in 41 cases.

6. One appeal was made from the decision of the Controller to the Governor-General in Council and disallowed. Altogether there have been 7 appeals in which the Controller's decision was supported four times, reversed once and varied twice. The latter cases led to a modification of the Rules.

7. Specifications, as soon as they are printed, are distributed to 25 centres scattered throughout India (see appended list). They may be consulted together with the other publications of this office free of charge, and copies are on sale at uniform price of eight annas each. Some 2576 specifications of inventions are in this way available, and the number will increase year by year. Copies of the specifications received from the United Kingdom Patent Office are also open to public inspection at the Patent Office, 1, Council House Street, Calcutta, the Record Office, Bombay, and the Connemara Library, Madras.

8. The practice of the previous year in respect of enemy patents and other matters under the Indian Patents and Designs (Temporary Rules) Act and Indian Patents and Designs (Temporary) Rules 1915 has been continued without alteration. Two more orders avoiding or suspending patents were made and there are now eight in force affecting seven patents. Royalties amounting to ₨1,080-9-7 have been paid to Government by the Licensees.

9. The Patent Office Handbook (price one rupee), containing the current Acts and Rules and instructions of interest to persons interested in inventions and designs, was issued during the year. Copies were distributed freely and the sale is increasing, 173 copies having been sold during the year. Sales of other publications including the consolidated and annual indexes and printed specifications amount to about ₨500.

10. The work of the office has progressed satisfactorily and has been kept up to date during the year. The annual and quarterly numbers of the "Patent Office Journal" have been issued as usual.

11. The usual tables are appended.

When cheques are offered in payment of fees, it must be clearly understood that the office cannot hold itself responsible for any delay that may occur in the collection of cash on the cheques; any cheque not payable in Calcutta is subject to commission. In cases where it is not possible to have the fees handed in at the Patent Office, it is preferable to send them by money-order or postal order payable at Calcutta to the Controller of Patents and Designs, and to advise him that they have been so sent. Stamps will not be received in payment of fees.

The customs duty figures are an index to the volume of the import trade, as under exports jute, rice, and tea only are subject to duty. In the twelve months ended March, 1917, the import duties increased to over ₨9,89 lakhs from ₨7,38½ lakhs in the twelve months ended March, 1916, and the export duty on rice rose to nearly ₨87 lakhs from ₨76½ lakhs. The export duty levied on raw jute amounted to ₨59,05,000, on jute manufactures to ₨58,81,000, and on tea to ₨42,54,000, in the twelve months, April to March, 1916-17. The total customs revenue (excluding salt but including excise duty on cotton manufactures and land customs) in the twelve months ended March, 1917, amounted to about ₨12,96 lakhs, as compared with ₨8,81 lakhs in the same period of last year.

SHIPPING.

The following table shows the number and tonnage of vessels, which entered and cleared with cargoes at ports in British India during March, 1917, as compared with February, 1917, and March, 1916, 1915, and 1914:—

March, 1914 (pre-war month)	307	844,941	172	14,821	479	859,762

The total tonnage entered and cleared with cargoes in March, 1917, as compared with that in the preceding month (February, 1917) and in the corresponding month of 1914, 1915, and 1916, is shown in the last column of the table above, and is, perhaps, of interest in view of the present scarcity of tonnage. In the month of March, 1917, there were 399 arrivals * and 534 sailings † with cargoes, in and from India. As regards tonnage, if a comparison be made with March, 1914, the corresponding pre-war month, it will be seen that there is a decrease in the tonnage of vessels cleared with cargoes of 331,026 tons or 39 per cent. The decrease in the entries (with cargoes) amounted to 313,304 tons or 49 per cent.

The shipping clearances with cargoes in foreign trade from the ports of British India in the twelve months, April to March, 1916-17, as compared with the corresponding period of 1913-14, *i.e.*, before the war broke out, were as follows:—

	TONNAGE CLEARANCES IN THE TWELVE MONTHS, APRIL TO MARCH.	
	1913-14 Peace conditions.	1916-17 War conditions
British ships (including British Indian)	6,281,915	4,763,360
Foreign ships	1,970,272	1,127,078
TOTAL	8,252,187	5,890,438

Under war conditions, the total tonnage clearances with cargoes have declined 29 per cent. Under peace conditions, the British (including British Indian) tonnage was 76 per cent and foreign tonnage 24 per cent of the total, while under war conditions, the British (including British Indian) tonnage is 81 per cent and foreign tonnage [illegible] ent.

* The details were as follows:—Bengal 21, [illegible]0, Sind 41, Madras 224, and Burma 33.
† The details were as follows:—Bengal 45, Bo[illegible], Sind 128, Madras 127, and Burma 141.

Railway Statistics.

Railway statistics, like the import and export statistics above, are a valuable index to the general movement of trade throughout the country, and show that the earnings from 1st April, 1916, to 31st March, 1917, were R69,48 lakhs as against R64,18 lakhs in the corresponding period of 1915-16, or an increase of R5,30 lakhs.

Trade of Aden during March, 1917.

The grand total value of the imports and exports of merchandise, by sea, into and from the port of Aden amounted to nearly R1,10 lakhs in the month of March, 1917. The value of the principal articles of imports and exports during March, 1917, were as follows:—

	March, 1917.

In March, 1917, 53 steamers with an aggregate tonnage of 98,849 entered at the port of Aden, while 52 steamers with 99,551 tons cleared from the port and 94 sailing vessels (country craft) with 2,882 tons entered and 46 vessels with 1,164 tons cleared from the port. These figures exclude vessels in ballast and Government vessels.

The third forecast on this wheat crop will be published in the last week of May, and the final report in the second week of August.*

The total area now reported is 32,962,000 acres as compared with 30,128,000 acres † at this time last year, or an increase of 9 per cent. As compared with the final estimate of last year (30,143,000 acres), the present estimate also shows an increase of 9 per cent. The total yield is estimated at 9,929,000 tons as against 8,501,000 tons † at this time last year, or an increase of 17 per cent. As compared with the final estimate of last year (8,518,000 tons), the present estimate shows an increase of nearly 17 per cent. It may be noted that the area, like that of rice, is a record one. The yield is less than that only of 1910-11 and of 1914-15.

The detailed figures are as follows :—

It will be seen that the present estimate of yield as against the estimate made at this time last year, shows an increase of 133 per cent in Rajputana, 58 per cent in Hyderabad, 37 per cent in Central India, 23 per cent in Bombay, 21 per cent in the Central Provinces and Berar, 13 per cent in the Punjab, 12 per cent in the United Provinces, 9 per cent in Delhi, 7 per cent in the North-West Frontier Province, 4 per cent in Sind, and 2 per cent in Bihar and Orissa.

The failure of the winter rains has seriously affected the crop in the unirrigated § areas of the Punjab, Delhi, and the North-West Frontier Province, but the recent rains have much improved the prospects in the last named province. In Bengal the crop suffered from the heavy rainfall of November and later on through drought. With these exceptions, the general condition of the standing crop is good.

The provincial reports are summarised below :—

Punjab (33 per cent of the total area under wheat in India).—The combined area of British districts and Native States is estimated at 11,050,000 acres, as against 10,333,000 acres reported at this time last year, or an increase of 7 per cent. The area sown in British districts, it may be noted, is 9,845,000 acres, which is about 9 per cent above last year, and that in Native States is 1,205,000 acres, which is 5 per cent below last year's corresponding estimate. The total estimated yield is 2,834,000 tons (400,000 tons being in Native States), which is 13 per cent above the estimate made at this time last year The Director of Land Records, however, remarks that there are grounds for thinking that this is an overestimate. The increase in the area sown in the British districts is, as explained in the first forecast, due to favourable conditions at sowing time. The failure of the winter rains has, however, told very badly on the unirrigated crop. Except for light rain which fell in the south-east of the province in the first half of February, the month remained dry. Light rain was again received in the first half of March (except in parts of the west) and in the last week of that month. This was quite insufficient for the maturing of crops on unirrigated areas which have long been suffering from drought. Canal water was inadequate in several districts, but the irrigated crop is on the whole doing well, although it would have been all the better for a good shower of rain. The absence of winter rainfall would have caused a complete failure of the unirrigated crop but for the ample moisture left in the soil in many parts of the province by the rain which fell in the beginning of October. The outturn is expected to be slightly below normal on the irrigated area owing to insufficiency of canal supply, and below normal or poor on the unirrigated areas.

United Provinces (23·2 per cent of the total area under wheat in India).—The total area under wheat, pure and mixed, is now estimated at 6,841,000 acres, as against 6,681,000 acres reported at this time last year, or an increase of 2 per cent. The increase is shared by all the divisions excepting

Rohilkhand, Lucknow, and Fyzabad. The total yield is estimated at 3,059,000 tons, as against 2,742,000 tons estimated at this time last year, showing an increase of about 12 per cent. Weather conditions have, on the whole, been favourable for the crop. There was ample moisture at sowing time, and parts of the provinces received rain in November. The months of December and January were rainless, but ample rain fell over most districts in February, which was beneficial to the unirrigated crops. The weather was unsettled during March with local storms and hail, but no material damage was done. Harvesting is now general throughout the central and eastern districts and is commencing in the western districts. The estimates of outturn are generally favourable. In some parts of the Meerut division, the unirrigated crops have suffered from lack of rain; while in the Gorakhpur division there was an excess of moisture at sowing time. In these two divisions, the wheat crop is estimated respectively at 90 and 80 per cent of the normal. In the Allahabad and Jhansi divisions the crop is estimated at 105 per cent of the normal. In the remaining divisions a normal outturn is expected. For the provinces, as a whole, the wheat crop is now estimated at 95 per cent of the normal as against 90 per cent at the corresponding period of last year.

Central Provinces and Berar (11·8 per cent of the total area under wheat in India).—The total area sown is now estimated at 3,938,000 acres (3,374,000 acres being in the Central Provinces, 434,000 acres in Berar, and 130,000 acres in the States of Khairagarh and Nandgaon), which is 9 per cent above the area reported at this time last year. The total yield is estimated at 1,168,000 tons (1,016,000 tons being in the Central Provinces, 113,000 tons in Berar, and 39,000 tons in Khairagarh and Nandgaon), as compared with 963,000 tons estimated at this time last year, or an increase of 21 per cent. December and January were practically rainless. During the first fortnight of February and in the last week of March light to moderate showers were received all over the provinces, which greatly improved the condition of the young plants. Some damage was, however, caused in places by cloudy weather and hail (Jubbulpore, Mandla, Raipur, Bilaspur, Buldana, and Yeotmal) which accompanied the rain. On the whole, the climatic conditions were favourable to the crop, although untimely rain in Chanda and the absence of winter rains in Bhandara slightly affected the plants in places. Saugor, Chindwara, Betul, and Nagpur expect a 120 per cent crop. In the remaining districts the average outturn ranges from 96 per cent in Amraoti to 115 per cent in Balaghat. The average outturn for the Central Provinces and Berar is estimated at 110 per cent of the normal, as against a normal crop last year. The State of Khairagarh estimates an outturn of 120 per cent and the Nandgaon State an outturn of 105 per cent of the normal.

Bombay (6 per cent of the total area under wheat in India).—The total area is now reported to be 2,164,000 acres (including 573,000 acres in the Native States) as against 1,954,000 acres reported at this time last year, or an increase of nearly 11 per cent. The total yield is estimated at 576,000 tons (including 198,000 tons in the Native States) which is 23 per cent above the estimate made at this time last year. In the British districts 200,000 acres and in the Native States 258,000 acres are reported to have been served with irrigation. Some rain fell in the last week of March, mainly in the Deccan and the Karnatak but no damage to the crop has [illegible]ted. The crop has [illegible] and the harvesting of the unirrigated [illegible] almost completed and its thre[illegible] The irrigated crop is being [illegible] [illegible] no change in the [illegible] [illegible] in the secon[illegible]

[illegible] per cent of the total area under wheat in India).—The total area is estimated at 597,000 acres (23,000 acres being in Native States) as against 558,000 acres reported at this time last year, or an increase of 7 per cent. The irrigated area is 390,000 acres, of which 13,000 acres are in the Native States. The total yield is estimated at 172,000 tons (5,000 tons in Native States), which is nearly 4 per cent above the corresponding estimate of last year. Rainfall at the end of March caused rust, but except in parts of Jammu the damage is not serious. Slight damage is reported to have been caused by hailstorms in parts of the north. Elsewhere the crop is in good condition. Harvesting of the crop has commenced in parts in the north.

Bihar and Orissa (4·1 per cent of the total area under wheat in India).—The total area sown is reported to be 1,296,000 acres as against 1,330,000 acres estimated at this time last year, or a decrease of nearly 3 per cent. The total yield is estimated at 596,000 tons, which is 2 per cent above the estimate made at this time last year. In February the rainfall was below the normal in Shahabad, Palamau, and the districts of the Bhagalpur division, was normal in Patna and Darbhanga, and above the normal in the remaining districts. The rainfall of the month was greatly beneficial to the wheat crop. In March light rain was fairly general over the province, but it was not prejudicial to the harvesting operations, which began in the second fortnight of that month. Some slight damage has, however, been done by hail-storm in parts of Champaran and Monghyr. The weather conditions have, on the whole, been more than ordinarily favourable for the growth of the crop, and prospects are generally good. According to the estimates of the District Officers, the average outturn for the province as a whole works out to 93 per cent of the normal, but the provincial Director of Agriculture remarks that the estimates of the District Officers appear to be below the mark, and in view of the beneficial rain of February, he is of opinion that the outturn will not fall short of 105 per cent, and on this basis the total yield given above has been estimated.

North-West Frontier Province (3·4 per cent of the total area under wheat in India).—The total area as now ascertained amounts to 978,000 acres, which is 15 per cent above the area estimated at this time last year, the increase being attributed to timely rainfall at the sowing season. The total yield is estimated at 220,000 tons as against 205,000 tons reported at this time last year, or an increase of 7 per cent. The outturn is average or above average on the irrigated lands of all districts and agencies, except Hazara, where it is below normal. The yield on the unirrigated lands is generally poor except in Dera Ismail Khan, but the recent rains have much improved the prospects, and a harvest better than that previously hoped for some time ago may now be expected.

Bengal (0·3 per cent of the total area under wheat in India).—The total area sown is estimated at 129,000 acres, which is about 4 per cent less than that reported at this time last year. The total yield is estimated at 40,000 tons, which is the same as reported at this time last year. As reported in the second forecast, the season up to the end of January was generally unfavourable to the crop. The rainfall in February, though helpful, came too late to materially improve the situation. Some slight damage by insect pests has been reported from Nadia and Burdwan. The average outturn for the [illegible] estimated at 81 per cent of the [illegible] 78 per cent last year.

[illegible] of the total area [illegible] total area is estimated at [illegible] against [illegible] acres reported at this time last

year, or an increase of nearly 29 per cent. The total yield is estimated at 12,000 tons as against 11,000 tons last year. Absence of rain after the crop was sown affected the yield of unirrigated crops to the extent of reducing it to half the normal. The yield of irrigated crops is expected to be normal.

Ajmer-Merwara (0·1 per cent of the total area under wheat in India).—The total area and yield are estimated at 28,000 acres and 10,000 tons as against 12,000 acres and 2,000 tons reported at this time last year.

Central India (9 per cent of the total area under wheat in India).—The total area sown is estimated at 3,456,000 acres, as against 2,946,000 acres estimated at this time last year, or an increase of 17 per cent. The total yield is reported to be 850,000 tons, as against 618,000 tons at this time last year, showing an increase of 37 per cent. The condition of the crop is generally reported to be good. Hyderabad (2·9 per cent of the total area under wheat in India).—The total area is reported to be 1,288,000 acres, as against 1,072,000 acres estimated at this time last year, or an increase of 20 per cent. The total yield is estimated at 128,000 tons which is 58 per cent larger than the estimate made at this time last year. The noticeable increase in production as well as in area is due firstly to the crop being good and secondly to greater care having this year been taken in the preparation of statistics. The details are as follows :—

Wheat crops in Foreign Countries.—The latest information published by the International Institute of Agriculture, Rome, is as follows :—

The area sown in 1916-17 with winter wheat in the United States of America is reported to be 40,073,000 acres, which is 2 per cent over the estimate of 1915-16. In France 10,564,000 acres have been sown with winter wheat in 1916-17, which is 15 per cent below the estimate of 1915-16. In the Argentine the area sown with wheat was 16,082,000 acres, but of this area 5,465,800 acres were not harvested owing to the fact that, apart from the actual crop failure caused by severe drought, the cultivators had frequently used the wheat, while yet green, as fodder for cattle; the total yield is estimated at 2,069,000 tons as against 4,615,000 tons in 1915-16. The estimates for Australia are 11,585,000 acres and 3,976,000 tons as against 11,495,000 acres and 3,822,000 tons in 1915-16.

From unofficial sources it appears that rain and snow have fallen in the winter wheat belt of the United States, and that the dry region, of which Kansas forms the most important part, has had a fall of snow. The crop reports are not particularly good, and the condition is estimated at 80·2 per cent as compared with 85·7 per cent in December last. In Canada the weather still keeps cold, and it is not known when farm work may be resumed. General rains have fallen throughout Australia. This would facilitate ploughing operations and it appears that the new crop will be sown in good time, that is, before the end of May. In France the weather has improved and ploughing resumed. Government are offering very substantial premiums for wheat growing this year, and, in addition, there is an acreage bonus for fields which were not cultivated last year. In Italy an average acreage of wheat has been seeded in the northern part of the country, but in the south and in the islands the acreage is short owing to excessive rainfall. It is hoped that the substantial premiums granted by Government will induce growers to continue sowings on as large a scale as possible, and make good the deficit in autumn sowings.

DEPARTMENT OF STATISTICS, INDIA

CALCUTTA, APRIL 24, 1917.

Supplementary Memorandum on the WHEAT CROP for the Fortnight ending the 20th April, 1917.

This is the third of the fortnightly reports on the condition of the Indian wheat crop. Since the publication of the Special Wheat Forecast on the 20th April, revised estimate of area has been received only from the Central Provinces and Berar; the total revised area for all-India now stands at 32,955,000 acres as against 32,962,000 acres, reported in the Special Forecast.

The condition of the crop is generally good. Rainfall during the fortnight was almost general and was accompanied by hail in the Punjab, the Central Provinces, and Delhi. In some districts of the Punjab slight damage has been done, but this has affected quality rather than quantity. The recent rainfall, however, has much improved the prospects in the North-West Frontier Province. Except in the unirrigated tracts in the Punjab and Delhi, where the crop was affected by drought, and in Bengal, where the crop is unimportant, prospects may be said to continue favourable.

Harvesting has been completed in Bombay and is nearing completion in the United Provinces, the Central Provinces, Bihar and Orissa, Bengal, Delhi, and Ajmer-Merwara. It is progressing in the Punjab and Sind, and has only commenced in the North-West Frontier Province. Threshing has commenced in the United Provinces, and also in Delhi, and Ajmer-Merwara. It is in full swing in the Central Provinces and Berar, Bombay, Bihar and Orissa, and Bengal.

The provincial reports are summarised below :—

Punjab.—There has been no change in the estimate of area or of outturn. Light or moderate rain accompanied at places by hail was almost general and has proved beneficial for the late sown crop, and for the crop in the north-west, where harvest begins later than in the rest of the province. Elsewhere rain and hail have done more harm than good to the standing and the harvested crop, and have retarded harvesting operations in some districts. The storm of the 13th and 14th April has done some damage in the Chenab Colony. Harvesting is in progress in the south-east and has commenced elsewhere at or about the middle of April, where it will continue till about the 10th May. The condition and expected yield of the irrigated crop are normal or somewhat below normal, and those of the unirrigated crop below normal or poor. The supply of canal water is now adequate, and the crop is free from disease.

United Provinces.—No change has been reported in the estimate of area or of outturn given in the Special Forecast. The weather during the fortnight has continued unsettled with high winds and showers of rain, but no damage has been done to the crop still standing. Harvesting is now completed except in the western districts. Reports of outturn from districts, where the crop has been threshed out, are satisfactory.

Central Provinces and Berar.—The total area is now estimated at 3,931,000 acres as against 3,938,000 acres reported in the Special Forecast (April 20). The weather was warm and cloudy with local storms, and hail occurred in places; but no serious damage has been caused. Harvesting has been completed in eleven districts, and is in rapid progress elsewhere. Threshing and winnowing operations continue, and the outturn is reported to be satisfactory.

Bombay and Sind—No change has been reported in the estimate of area or of outturn. Harvesting has been completed in the Bombay Presidency, and is in progress in Sind.

Bihar and Orissa.—There has been no change in the estimate of area or of outturn. Harvesting is approaching completion. Threshing is in full swing, and reports of yield are generally satisfactory. No damage to the wheat crop is reported from any abnormal causes.

North-West Frontier Province.—There has been no change in the estimate of area or of outturn. Rain has fallen throughout the province, greatly benefiting the standing crops, especially on the unirrigated areas. The prospects of the crop have, therefore, been much improved. Harvesting has commenced in Dera Ismail Khan, where it is in progress, and will probably be completed by the middle of May, and the yield is expected to be good. Harvesting has not yet been undertaken elsewhere.

Bengal.—No change has been reported in the estimate of area. The weather conditions have not altered the prospects of the crop Harvesting is nearing completion, and is expected to be finished by the end of this month. Threshing is proceeding briskly. The outturn is reported to be somewhat disappointing.

Delhi.—There has been no change in the estimate of area or of outturn. Rainfall during the fortnight has been scanty with no effect. Hail fell in places, but caused no damage. Harvesting of the unirrigated wheat has been finished, and that of the irrigated crop is almost half finished. The yield of the irrigated wheat is expected to be normal and that of the unirrigated crop about half the normal.

Ajmer-Merwara.—No change has been reported in the estimated area or of outturn. There have been light showers in places, but no damage has been caused to the standing crop. Harvesting is expected to be completed by the 25th of this month in Kekri, and by the 10th May in Merwara. Threshing is in progress at places. The yield is reported to be satisfactory.

No. 4589-Spl.—The following draft of a rule which it is proposed, in exercise of the powers conferred by section 116-F. of the Assam Labour and Emigration Act, 1901 (VI of 1901), as subsequently amended, to substitute for rule 24 of the Assam Labour Board Rules published with the notification of the Government of India in the Department of Commerce and Industry No. 295-132-C., dated the 20th November 1915, is published, as required by the said section, for the information of persons likely to be affected thereby. Any objection or suggestion which may be received before the 4th June 1917, will be duly considered :—

Draft rule.

"24. (1) The cess shall be payable in the following manner :—

Recovery of cess.

(*a*) The cess payable on a garden-sardar shall be deposited by the employer in the local treasury in Assam prior to the countersignature of the certificate of such garden-sardar by the Inspector of Labourers or Magistrate under the provisions of section 59 of the Act, and when the cess has been realised, the said Inspector or Magistrate shall cause an endorsement to be made on the certificate to that effect. The total amount of the cess so deposited in each month shall be remitted by the Deputy Commissioner within the first week of the succeeding month by Remittance Transfer Receipt to the Chairman of the Board. When the cess at the prescribed rate has been deposited in the Treasury in respect of all the garden-sardars whose certificates have been countersigned under section 59 of the Act during the month covered by the remittance, the Deputy Commissioner shall, when making the remittance, furnish the said Chairman with a certificate to that effect. When the cess has not been so deposited in respect of all or any of such garden-sardars, the Deputy Commissioner shall, within the first seven days of the succeeding month, furnish the said Chairman with a list of the garden-sardars in respect of whom the full cess has not been deposited. The names and addresses of the employers of the said Sardars shall also be entered in the said list.

(*b*) The cess payable on every person recruited or engaged as a labourer or assisted to emigrate under Chapter IV or section 91 of the Act shall be payable within the month following that in which such person has been despatched to the labour district from the recruiting district in which he is registered. Where an employer has appointed a local agent, the cess shall be remitted through such local agent to the Chairman of the Board, and where a local agent has not been so appointed, the employer shall remit the sum due as cess direct to the said Chairman.

(2) If default in payment of the cess be made, the Chairman of the Board may :—

send a demand by registered letter to the defaulting employer for the amount due, and if, within a period of a month after the postal receipt for the registered letter has reached the Chairman, payment is still in arrears, the Chairman may proceed to recover the amount due by making application under section 215 of the Act to the Magistrate of the District in which the defaulter resides.

(3) In each recruiting district the Superintendent of Emigration shall furnish the Chairman of the Board with a monthly statement showing, in respect of each employer who has not appointed a local agent, the total number of persons recruited or engaged as labourers or assisted to emigrate by such employer during the month to which the return relates, and the number of persons as aforesaid despatched to each estate in the labour districts by each such employer.

(4) It shall be the duty of the Supervisors appointed by the Board, in the course of their inspections of the local agencies within their respective charges, to check the payment of the cess leviable by local agents in respect of the persons recruited or engaged as labourers or assisted to emigrate by garden-sardars working under the supervision of such local agents, and to report the result of such check to the Chairman.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall summary for the seven days ending at 8 hrs. on Thursday, the 26th April 1917, based on the Indian Daily Weather Reports of the period.

1. Weather was disturbed over northwest India during the greater part of the week owing to the advance from the west of two depressions of the winter type. The first of these gave rise to widespread rainfall, chiefly in the submontane districts of the Punjab and of the United Provinces, and to snowfall in Kashmir and the Simla hills. The second disturbance was comparatively feeble and was giving light rainfall along the frontier and the north Punjab towards the end of the week. Rainfall due to ordinary hot weather actions occurred in northeast India, and there were sporadic showers in the Peninsula. In Burma and the central parts of the country the weather was practically dry throughout.

2. *Burma*.—No rain fell beyond a light shower at Akyab.

Northeast India, including Orissa.—Rainfall was nearly general in Assam on the 20th and in Bengal on the 20th and 22nd. Local falls occurred in Bihar and Orissa.

The United Provinces, Central India and the Central Provinces.—Local rain was reported from the United Provinces during the earlier part of the week. There was no rain in Central India and only two light falls occurred in the Central Provinces.

Northwest India.—Nearly general rain fell in the North and East Punjab on the 19th and local rain during the next two days. In Rajputana rainfall occurred locally, while in the North-West Frontier Province it was confined to the hills. Light snow fell in Kashmir, and there were a few falls of rain in Baluchistan and the southwest Punjab.

The Peninsula.—Nearly general rain was recorded in Hyderabad on the 24th and local rain in Mysore and the north Madras coast on the 23rd.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 28th April 1917.

Burma.—The week was practically rainless. Cultivation of spring and summer rice is progressing normally in Upper Burma. Plucking of tobacco and collection of island and other miscellaneous crops continue. Standing crops are in good condition and cattle are generally healthy. The price of unhusked rice in Rangoon continues stationary at Rs. 107 per hundred baskets and is normal. The market for white rice is very weak.

Assam.—The weather is generally hot with occasional showers. Agricultural operations have been retarded in several districts by want of rain. Harvesting of spring rice has commenced with outturn good. Ploughing for and sowing of autumn and winter rice and jute continue. Plucking and manufacture of tea are in progress. Prospects of tea and of summer potatoes are fair. Cattle disease is reported from four districts. The price of common rice is practically stationary.

Bengal.—During the week light and scattered showers fell in all the divisions of the Province excepting Rajshahi where there was practically no rain. More rain is urgently needed for agricultural operations especially in the Rajshahi and Presidency divisions. Sowings of autumn paddy and jute continue but progress is being retarded in places for want of rain. Weeding has commenced in some of the eastern districts. Harvesting of summer rice is proceeding. The outturn is generally reported to be satisfactory. Fodder is reported to be insufficient in parts of the Nadia, Dacca and Mymensingh districts. Cattle disease prevails in eleven districts. The average price of common rice has risen by about 0·57 per cent. as compared with that of the previous week.

Bihar and Orissa.—Light rain fell in most districts of Orissa. In Behar and Chota Nagpur the rainfall was scanty and scattered. Harvesting of spring crops has been completed in most districts. Threshing is in progress. Preparation of lands for the next season's crops is going on. Standing crops are doing well. The price of common rice has risen in five districts, fallen in one and remained stationary in the remaining districts as compared with that of the preceding week. The supply of fodder and water is sufficient. Cattle disease is reported from eleven districts. The number of persons on test works in Puri and Singhbhum was 847 and 1,716 respectively and that of persons gratuitously relieved in Puri 1,047. The condition of standing crops in the Feudatory States of Orissa is good.

United Provinces.—Light to moderate rain fell during the week in many districts. Slight damage by hail is reported from a few districts but the condition of standing crops is on the whole satisfactory. Threshing and winnowing of spring crops, hoeing of sugarcane and irrigation of sugarcane and extra crops are going on. Extraction of opium and harvesting of spring crops have been nearly finished. Opium weighment is going on. Preparation of land for autumn crops is in hand. Agricultural stock is doing well. Prospects are good. Very little cattle disease is reported. Fodder and water are ample. Markets are well supplied. Prices show a downward tendency.

Punjab.—Light rain has fallen in parts of all the reporting districts; though useful for extra spring and autumn crops it has slightly damaged the harvested spring crops. The condition of standing wheat and other crops is average on irrigated and below average on unirrigated areas. Harvesting of spring crops continues except in the south-east where it has been completed with yield normal or somewhat below normal on irrigated and below normal or poor on unirrigated areas. Sowings of extra spring crops have been nearly completed and of sugarcane, cotton and other autumn crops continue and are below normal to normal. Germination of autumn crops is good. Cattle are generally healthy and fodder and water for drinking and irrigation purposes are generally sufficient. Stocks of food grains are sufficient. Prices are generally stationary but have fallen slightly in some districts. They range between normal and scarcity rates except those of autumn food grains which range between normal and warning rates. Prices of wheat :—Rawalpindi 9, Lahore 9½, Lyallpur 9¾, Ferozepore 10 and Amballa 10¾ seers per rupee.

North-West Frontier Province.—Rain fell during the week throughout the Province. The weather is moderate. The condition of standing crops both on irrigated and unirrigated areas is average except in one district where unirrigated crops are reported to be below average. Hail storm has occurred locally but no damage has been caused to standing crops. Harvesting of spring crops is in progress and their outturn is expected to be

average. Sowing of extra spring and of certain autumn crops is proceeding. The condition of cattle and the public health are generally good. Fodder and water are sufficient. The price of wheat in Peshawar was $9\frac{1}{16}$ and in Dera Ismail Khan $9\frac{3}{8}$ seers per rupee.

Jammu.—Slight rain fell during the week. Prices are fluctuating. Wheat sells from 8 to 12 and maize from 13 to 25 seers per rupee. The condition of standing crops is below average. There is no cattle disease. Fodder is insufficient in certain places.

Kashmir.—The rainfall during the week was sufficient. Water is insufficient. Prices are normal. Cattle are generally healthy. Standing crops are in good condition.

Threshing and winnowing continue. Standing crops are generally in good condition. Agricultural stock is generally healthy except in Dungarpur where cattle disease is still prevalent. Water and fodder are ample. Prices are generally steady, with an upward tendency.

Central India.—The rainfall during the week was partial in Gwalior. Spring crops are being harvested and threshed. Land is being prepared for autumn crops in Indore, Malwa and the Southern States. Standing crops are in good condition and their probable outturn is good Agricultural stock is in good condition, except for some cattle disease. The fodder supply is sufficient. Prices are high in Bhopal, are normal in Baghelkhand, have slightly fallen in Gwalior and are steady elsewhere.

Central Provinces.—The weather has been warm and occasionally cloudy during the week. Mandla received about $1\frac{1}{4}$ inches of rain. Three other districts also had light showers not exceeding 34 cents. Harvesting of spring crops has been almost completed in several districts and threshing and winnowing are proceeding. (RULE 60.)

[*For general heading, see rule 1.*]

I, R. P. H., of, etc., the official liquidator of the abovenamed company, make oath (*or* solemnly affirm) and say as follows :—

There are no other assets belonging to the said company, except the amounts due from certain of the said contributories of the said company, and to the best of my information and belief it will be impossible to realize in respect of the said amounts more than the sum of Rs. or thereabouts.

5. In order to provide the said sum of Rs. it is necessary to make a call upon the several persons who have been settled on the list of contributories as before mentioned and having regard to the probability that some of such contributories will partly or wholly fail to pay the amount of such call, I believe that for the purpose of realizing the amount required, as before mentioned, it is necessary that a call of Rs. per share should be made.
